

GC election opposition in all wards

With the closing of candidate filing Monday evening, city officials now know who the "players" will be in the long political game which will end with the April 7 Granite City election.

Here's the lineup, subject to withdrawals by Feb. 6.

MAYOR-A lively three-way race can be predicted between incumbent Paul Schuler, 3008 Village Lane, who is seeking his third four-year term; former mayor candidate Daniel Partney, 2601 Edison Ave., the son of the late mayor Don Partney Sr.; and Fourth Ward Alderman Warren Decatur, 3229 Colgate Place. Glen R. Hollis has obtained candidate petitions,

but announced weeks ago that he would not run, if Decatur ran.

CITY CLERK-Incumbent Robert W. Stevens, 3866 Franklin Ave., is unopposed. A candidate petition had been taken out for an unnamed person, so it was considered possible that Stevens would have a last-minute opponent, but the petition was never filed.

CITY TREASURER-Incumbent Nick Petrillo, 2201 Monroe Ave., is opposed by Partney-backed candidate Bill Hebert, 2219 Delmar Ave., a Granite City firefighter.

ALDERMAN-By ward, the candidates are:

Ward 1
A four-way race is predicted between Charles Douglas, incumbent, 2252 Lee Ave.; Leroy Mangiaracino, 2245 Lee Ave.; former alderman William "Bill" Dallas Sr., 2001 E. 20th St.; and Casner Skubish, 2701 Lincoln Ave. David L. Greathouse had taken out candidate petitions, but did not file them.

Ward 2
Incumbent Fred "Pat" Schuman, 2609 Edison Ave., faces opposition from Joseph R. McGinness Sr., 2605 Washington Ave.

Ward 3
Two filings on the last day of filing set up a three-way race for the seat being vacated by the announced retirement of

Roy Poulos from the council. Carl J. Kittel, 2138 Edison Ave., was the only candidate until Monday, when Willard Herzog, 1812 August Ave., and Nelson Dunlap, 2280 State St., filed their petitions. Eugene M. Starr had taken out candidate petitions, but did not file them.

Ward 4
Incumbent Glen Sprankle, 1520 Joy Ave., faces opposition from Sharon Perjak, 3228 Carlson Ave., and John Zikovich, 2433 Center St.

Ward 5
Incumbent Lloyd H. Bailey, 2807 Roosevelt Ave., is opposed by Jake Varadian, 1744 Olive St., and Darmond Broyles, 2429 Bryan Ave.

Ward 6
Earl Baker, the incumbent, did not file for re-election and four candidates are bidding for his seat. They are Woodrow "Woody" Moad, 3012 Forest Ave.; School Board President Steven C. Saltich, 2820 Wayne Ave.; Walter C. Milton, 3214 Wabash Ave.; and Bill Smithson, 8 Charleston Drive.

Ward 7
Incumbent Paul Ray Bowler, 10 Nassau Drive, faces Michael Werhs, 3306 Wabash Ave., and Ronald C. Markarian, 2105 Clark Ave.

The aldermen also serve as trustees of Granite City Township, since the city

and the township share identical boundaries. Other township officials to be elected April 7 are:

SUPERVISOR-Incumbent Nelson Hagnauer, 2728 Saratoga Ave., is opposed by Partney-backed candidate Tom F. Nesbitt, 2807 Warren Ave.

ASSESSOR-Incumbent Von Dee Cruse, 2329 Edwards St., faces his former chief deputy Shirley Voegelé, 3168 Aubrey Ave.

Only one candidate filed for the one expiring seat on the Granite City Park Board. Board President George Sykes, 3524 Johnson Road, will run unopposed for re-election.

Mehelic 'burned again' by supplier?

By GARY SCHNEIDER of the Press-Record

"I won't be burned twice and I will not be doing business at Universal Research," Frank Mehelic, highway commissioner of Nameoki Township, told the Press-Record in September, 1978, after a newspaper investigation showed the township was purchasing items, without competitive bidding, at costs apparently much higher than they could be purchased retail.

However, two years later, it appears that Mehelic is, indeed, getting burned again, the town board suspected Monday night as it refused to pay a

\$1,390.50 bill from Universal Research Corp. for 50 bags of ice-melting calcium chloride pellets.

The price was up to 357 percent above prices paid by other governmental bodies for calcium chloride pellets from other suppliers, research indicates.

The bags purchased by Nameoki Township from Universal Research Corp., Dallas, Tex., bear the name G.S. Robins & Co. on them. A check with G.S. Robins in St. Louis indicates they would sell the township 50 bags (80 pounds each) of calcium chloride pellets for \$588.50 delivered, or \$811

less than Universal Research billed the township.

Universal Research sold the bags to Mehelic at \$27 each, plus 50-cents shipping. G.S. Robins would sell the same product to the township at \$11.77 per bag with shipping free, research indicates.

Chouteau Township also appears to have been overcharged for calcium chloride, having purchased 30 bags (80 pounds each) in September for \$28.85 per bag from Midstate Research of Pana, Ill.

Actually, Mehelic's pledge in September, 1978, not to do business with

Universal, apparently did not last more than 10 months, as records show that July 9, 1979, Mehelic purchased three tons (6,000 pounds) of calcium chloride from Universal Laboratories, Inc., for \$495 per ton, or \$19.80 per 80-pound bag. The net invoice paid at that time was \$1,485, the records show.

Mehelic contends he believed that Universal Research Corp. of Dallas, Tex., and Universal Laboratories, Inc. of St. Louis were not the same company, although the same salesman signed the purchase orders for both

Petition for school income tax

By BILL WINTER of the Press-Record

"We the undersigned residents of Madison County, Ill., do hereby urge your participation in the drafting and passage of legislation in and for the entire state of Illinois to:

"1. Remove local school and educational costs from our residential real estate taxes. 2. Place said local school and educational costs under and payable in full from Illinois state income tax receipts."

Several hundred petition forms with this wording were distributed here Tuesday night to Granite City and Nameoki Township taxpayers intent on

"getting the property tax off our backs." They intend to circulate them and then forward the petitions to State Representatives Sam Wolf, Everett Steele and Jim McPike and State Senator Sam Vadala.

A gathering of 90 persons heard a talk by George Warnecke, secretary of the Local Government Finance Study Commission, a group appointed by Governor James R. Thompson and Illinois legislative leaders. He then answered numerous questions on assessments and taxation.

Warning that the proposal would bring a "profound change" helpful to some taxpayers and harmful to others,

Warnecke said the commission may or may not recommend enactment of a state law boosting individual income taxes from the present 2½ percent to 4½ percent to offset the approximately 50 percent of the property tax dollars utilized by school districts.

Even with such a change, which would be unconstitutional if construed as "classifying" property, taxpayers would have to remain alert to make sure that municipalities, sanitary districts, park districts, townships and other governmental bodies did not sharply increase their property tax levies, Warnecke commented.

The legal question arises because it is

not proposed to curtail real estate taxes on businesses. Each one percent of the state income tax on individuals equals 25 percent of the revenue provided by individual property taxes, but each percent of the corporate income tax matches only four percent of present corporate property taxes, the gathering was told.

Income taxes for each school district would be impossible to administer, Warnecke said, adding that the only feasible method would be a statewide collection returned to the districts.

He added that he still has some

Council delays sewer contract again

By GARY SCHNEIDER of the Press-Record

An agreement between Granite City and Madison County setting sewage treatment rates for the new sanitary sewers in Nameoki, Chouteau and Venice townships is expected to be presented to the Granite City Council next Tuesday night and Mayor Paul Schuler believes the council will approve it, removing the city's last objection to opening the new sewers.

Assistant State's Attorney Marshall "Zeke" Smith, legal advisor to the Madison County Board, had said he

would attend this Tuesday night's city council meeting to try and end the stalemate over treatment rates which has kept the sewers from being used since the sewer system was basically completed months ago. He did not appear at the Tuesday night meeting, however, because of an earlier meeting with the city attorney on the same subject.

Smith and City Attorney John Papa, representing Granite City, had thought the treatment fee issue was settled last month when the city and the county board passed similar, but not identical,

ordinances calling for a treatment fee of \$18 per quarter (three months) per household.

Five dollars of that \$18 was to go to past debt retirement, to repay Granite City approximately \$339,670, the county's share of the amount the city already has paid toward retirement of the bonds used to finance construction of the city's primary and secondary sewage treatment plants.

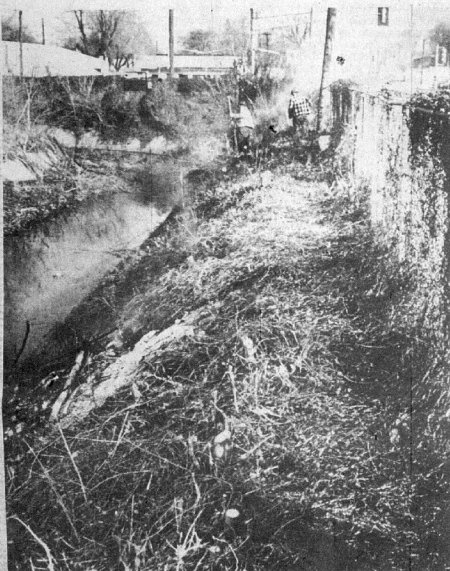

A basic question which caused the city to refuse to treat the county's sewage was different wording between the city's ordinance and the county's on

when that \$5 charge should end. Louis Whitsell, chairman of the county's special sewer committee, said at a meeting of that committee that the county ordinance calls for the \$5 charge to end when the \$339,670 is repaid.

A study of the county ordinance calls for the charge to end when the city's bonds have been repaid.

Alderman Sam Whitmer of the Second Ward is insisting that the charge continue indefinitely. "We ought to make something out of this,"

CLEANING UP. A three-man crew of the city street department clears trees, bushes and other debris from the Nameoki drainage ditch Tuesday. Rally and school holiday celebrate hostage release

A holiday for Illinois school children, a day of rejoicing by all Americans for the release of the hostages and a time for patriotic observances, including a rally in Granite City—that's what today became after less than a week of hurried preparations.

Many parents were surprised when they returned home from work yesterday and their children told them there was no school today. A few parents, knowing that such "holidays" normally do not occur on such short notice, may have had a difficult time believing their children.

But it is true. Yesterday morning, Dr. Donald Gill, state superintendent of schools, declared today a one time

holiday today, thus freeing all of the teachers.

Later, one teacher recalled the announcement over his school's intercom, and commented happily, "I guess I looked pretty silly jumping up and down in front of my class."

Granite City Superintendents of Schools B.J. Davis said that since the teachers were going to be off, he declared it a holiday for all other school district employees and ordered the central office closed for today.

Mayor Paul Schuler said he did not feel that the city hall in Granite City should be closed on such short notice,

NEW LOBBY IS OPEN. The new lobby at St. Elizabeth Medical Center has been put into use as construction continues in the former main lobby on Madison Avenue. The new combined lobby and coffee shop is located on the Washington Avenue side of the center adjacent to the Ketteler Center. A large parking lot is in front

of the new entrance and will be for visitors only when the toll booth is put into use. The main desk is at the right background and a large circular information desk is nearby. The area in the foreground will be booth and table space when the new coffee shop is opened.

More women joining YMCA PTA-sponsored blood drive set Feb. 10-11

Despite its name, the Young Men's Christian Association isn't just for men, or boys, or even men and boys. In fact, 41 percent of YMCA registered constituents in the United States today are women and girls, according to David Femrite, executive director of the Tri-City Area YMCA.

A recent national YMCA survey indicates that women and girls are actually the fastest growing segment of the YMCA nationwide, comprising 4,014,419 of the total 9,801,296 members in America last year.

One reason for the upsurge of women participants is thought to be the parallel growth in family memberships across the U.S. The number of members enrolled

under a family plan now represents almost 30 percent of the total membership, a nearly 8 percent increase in just the past five years.

Femrite pointed out that family memberships do not account entirely for the upsurge, however. Other reasons include the gradual development of programs for the single-parent family, often headed by a woman, and of programs especially designed to meet the needs of women.

"These include not only programs for homemakers, but also programs for the working women, whose interests, needs and certainly time schedule are often quite different," Femrite said.

Femrite pointed out that

not only is there a growing number turning up on YMCA boards of directors and on Y staffs. "Women are not only joining YMCA's," he said, "but also helping, in increasing numbers, to direct them. The impact of these women will surely be reflected increasingly in future YMCA programs."

Despite the popular misconception of the YMCA as a male-only organization — and there are still a number of women who think this is a fact — women have actually been in the Y for a long time.

The first boys work secretary in the U.S. YMCA was a woman. Her name was Ellen Brown and she was hired by the Y in Buffalo, New York, in 1882. Programs for women have been around since the 1860's and particular emphasis on women's programs dates back to the post-World War I period.

In the old days, however, nowhere near as many Y's had women members and certainly not in such large numbers. In fact, if the present trend continues, the 80's might well see women and girls emerge as the majority in the Young Men's Christian Association!

The Granite City Area Council of PTA will sponsor a blood drive involving all 13 elementary schools in the Granite City area in conjunction with the blood donor program of the American Red Cross, on Feb. 10 and 11, at Central Christian Church.

Area residents are invited to participate in the project on both days from 2 to 7 p.m. Members of the Area Council planning committee met last week at Nameoki School to coordinate final arrangements for the community program.

Mrs. Julie Gates, Area Council President and a member of Maryville School PTA, conducted the session. She announced each PTA unit will have a representative from its building to call people to schedule donors. The goal for each unit is set at 150 pints, Mrs. Gates added.

Co-chairmen of the event are Mrs. Linda Fussell, Area Council secretary, and Mrs. Lillian Singer, council delegate and president of Mitchell School PTA. They explained the kickoff date for calling people to schedule appointments

began on Jan. 14. The visit to donate blood will take about 45 minutes and babysitting will be provided, the chairmen noted.

Anyone needing a ride to the church is advised to contact Mrs. Singer at 797-6860.

Others attending the meeting were Don Gargac, Ken Taft, Dee Taft, Betty Hardison, Dawn Oliver, Brenda Weckman, Carolyn Sykes, Karen Jones, Lillian Singer, Sharon Melton, Phyllis Ryan, Linda Fussell and Donald Kopp.

DONALD RAINEY

AIR FORCE ENLISTEE
Donald L. Rainey, son of Mr. and Mrs. Willard Rainey, 705 29th St., has enlisted in the U.S. Air Force, according to Sgt. Clark E. Jarrett, Air Force representative at 3675 Nameoki Road.

Upon graduation from the Air Force's six-week basic military training, he will receive training in the Administrative Career area. He is a 1974 graduate of Granite City High School South.

PLANNING MEETING. PTA officers and members discuss final arrangements for a blood drive scheduled for Feb. 10-11 at Central Christian Church, 2020 Johnson Road, under the auspices of the PTA Area Council. From left is Donald Kopp, Tri-Cities representative to American Red Cross and principal of Nameoki School; Mrs. Linda Fussell, Area Council secretary, and Mrs. Lillian Singer, president of Mitchell PTA, both serving as co-chairmen of the drive, and Mrs. Julie Gates, Area Council president and member of Maryville School PTA.

Landscape school enrollment open

By RONALDE CORNWELL

Extension Farm Advisor. Enrollment is now open for anyone interested in attending a landscape school which will start March 9 at 7:30 p.m. at the Extension office in Edwardsville.

The landscape school will be a series of five meetings taught over the University of Illinois television system by Floyd Giles, U of I Horticulture specialist.

The five meetings cover: March 9 — Introduction to Landscape Design; March 16 — Creating a Design; March 23 — Smaller Landscape Plants; March 30 — Larger Landscape Plants; and April 6 — Putting Plants in the Design.

The objective of the landscape school is to provide you the necessary information and background in the area of landscaping to enable you to develop your own landscape plan. A packet of educational materials will be provided at each landscape session.

Advanced registration for the landscape school is necessary. Registration fee for the five meetings is \$25. Because of limited space, registration will be limited to 20. To register for the school,

send your name, address and a check for \$25 to: Madison County Extension Office, Box 427, 900 Hillsboro, Edwardsville 62025. The deadline for registration is Feb. 20.

For additional information on the landscape school, call the extension office at 656-8400.

A program on the Beef Performance Testing Program in Madison County will be held Tuesday, Feb. 10, at 1:30 p.m. at the Farm Bureau Auditorium in Edwardsville.

Gary Ricketts, University of Illinois Beef specialist, will discuss the program. The purpose of the meeting is to acquaint producers with the benefits of the program. Ricketts will also discuss how these records can be used to obtain the greatest benefit for the producer.

Every year a number of landowners in Madison County sell standing timber. A landowner should do four things before selling timber:

The first step is to contact the district forester, John Hicks, for help in marking the timber to be sold and make up a timber report. John Hicks is located in Carlyle. His address is Box 149, Carlyle, Illinois 62231. This timber report can be sent to prospective timber buyers.

The second step is to obtain a copy of the Timber Prices Report published by the Illinois Cooperative Crop Reporting Service. Copies can be obtained from the Extension office or the District Forester's office.

The price sheet can serve as a guide on timber values. The third step is to obtain a list of timber buyers from the district forester or the Extension office. The timber report should be sent to several timber buyers for bids on the timber.

The fourth step is to have a written timber sales agreement with the buyer. This is very important to avoid problems later. A copy of a timber sales agreement can be obtained from the

district forester.

By following these four steps in selling timber, you should insure yourself of receiving a fair price for your timber.

The rate of property crime in rural Illinois is approaching the rate found in some of the Chicago area counties according to Rabel Burt, U of I rural sociologist.

There is a complicated collection of reasons behind the rural crime rate rise, one of the major causes is the deterioration of the family structure. Today many children receive most of their instruction on values from television and peers rather than adults or parents.

In 1980, the average youngster had 3½ hours of personal contact with an adult every day. Today, the figure is closer to 1½ minutes per day. This lack of guidance may be one factor behind the apparent lack of understanding about basic "rights and wrongs."

Other factors behind the rising rural crime rate include: (1) increased urbanization of rural areas, (2) easier access to rural areas from urban areas, (3) leaving doors unlocked, (4) limited amount of law enforcement personnel to cover such large areas, (5) geographic isolation of rural residents, (6) growing affluence of rural residents and (7) use of increasingly expensive equipment and other materials on the farm.

PASSENGER INJURED

A passenger was injured when the southbound auto of Bobby Ellis, 19, of 4501 Kirkpatrick Homes, went out of control on Nameoki Road at Route 162 and struck a utility pole at 6:55 p.m. Sunday. Ellis said the rear tire of the car blew out, causing him to lose control of the auto. Robert Barton, 21, of 2039 Grand Ave., a passenger in the car, suffered a cut to his right arm and was admitted to St. Elizabeth Medical Center.

Tax talk

School taxes are a topic that can attract a crowd. It was demonstrated again Tuesday night when about 90 persons gathered at American Legion Post 113 (Press-Record photographs by Bill Winter).

Speaking at the left is George Warnecke, secretary of the Illinois Study Commission on Local Government Finance. Part of the audience is pictured at the right.

Warnecke reviewed the property tax system in Illinois and discussed the possibility of replacing about half of real estate taxes—the portion going to public schools—with higher individual income taxes.

The speaker himself was not fully behind the proposed change in Illinois' tax laws, but many Nameoki Township and Granite City residents endorsed it and took petition forms, saying they will attempt to obtain local signatures calling for education-related income taxation.

Action against Iran is urged

The Venice City Council paid tribute to the hostages at its meeting Tuesday evening and Mayor Tyrone Echols said, "I hope we (United States) take some stern action against Iran and make sure this type of deplorable situation never happens again."

The Madison County Community Development notified the city, by letter, that a request for a senior citizen van was not approved.

The letter stated the reason was that Venice was not a "Neighborhood Strategy Area," to which Mayor Echols commented, "Those people can't tell me what a neighborhood strategy area is. Anyway I am meeting again with them to see what other projects they may consider. Perhaps they will help us with street or sewer repair."

Superintendent of Streets Tom Scaturro told the council the new furnace for the city hall would be in operation by Saturday.

The council approved a building permit for Stephen Warren to move a \$5,000 trailer onto the lot, and a building permit for a frame garage at the residence of Alfred Crawford, 1224 Market St., valued at \$4,200.

The police arrest report for December 1980 listed a total of 19 adult and 8 juvenile arrests made.

Mayor Echols announced that he had a proclamation ready declaring Sunday, Feb. 8 as Richard Allan day in honor of the national founder of the African Methodist Episcopal Church.

Complaints on dogs running in the city were referred to Chief of Police Ferris Smith to inform the dog catcher.

SUE seminar on lab tests

A lunch-time seminar entitled, "Why Lab Tests Are Necessary" will be presented Tuesday, Feb. 3, from 11:30 a.m. to 12:30 p.m. at Southern Illinois University at Edwardsville.

The program will be led by Barbara Clifford, a medical lab technician in Health Service at SUE. She will discuss the importance of lab tests and how they are used to study a patient's health or confirm a diagnosis.

The seminar will meet in Room 7 in the University Center and is free of charge. Interested persons should take a brown bag lunch for the event.

Additional information may be obtained by contacting Health Service at SUE or by calling 618-692-2842.

Retiring after 44 years

Virgil Kirksey, head meatcutter at Cohen's Market and an employee of the market for 44 years, was honored at a retirement party at Charlie's Restaurant last week. His retirement will become effective Jan. 31.

Attending the dinner party in his honor were past, present employees and their families. Gifts were presented from the employees and the Cohens.

A poem in Kirksey's honor, written by Joyce Krick, was read during the event.

Jazz Lab band concert

The sounds of Buddy Rich, Maynard Ferguson, Chick Corea and Joe Zawinul will be heard when the SUE Jazz Lab Band presents a free concert Thursday, Feb. 5, at 11:30 a.m.

Sponsored by the University Center Board, the concert will be in Goshen Lounge of the University Center. It is open to the public and will last one hour.

Selections will include "Groovin' Hard," "Gospel John," "Spain," and "Birdland." Under the direction of Natalie Mentrup, the Jazz Lab Band is one of two "big bands" in the department of music.

Granite Cityans in the band are Mike Bennett, saxophone; Stewart Kinney, trombone; and Norbert Tate, drums.

BREAK INTO HOUSE

Nothing is known missing after a break-in at the home of Bill Sullivan, 2465 Pontoon Road, between 7 and 10:35 p.m. Sunday. It is believed the burglar was frightened away when Sullivan returned home, since a television, camera, stereo and a metal box had been moved near exit doors, but were left in the house. A window was forced open to gain entry.

RELEASED ON BOND

Joseph E. Crider, 36, of 2830 Palmer Ave., was released on \$35 bond after being charged at 11:40 a.m. Friday with criminal trespass to property. He allegedly kicked open the locked front door at the home of his former wife Linda Crider, 2904 Indiana Ave.

McGuire will lead Disabled Veterans

Disabled American Veterans Chapter 52 met with Commander Larry Lockhart in charge, and an election of new officers was held.

Officers elected for 1981 are: Lawrence McGuire, commander; Andy Gitcheff, treasurer; and Robert Kennerly, chaplain. They were installed by Lockhart.

Plans to increase membership in 1981 were discussed and all eligible veterans are being urged to join.

Applications for membership can be obtained from

any officer or at the local club at 1417-19 Nineteenth St., Granite City, it was noted.

The week of Feb. 16-22 has been proclaimed National Patriotism Week in a resolution signed by former President Jimmy Carter. Past Commander Lockhart said. He will be in charge of local

activities encouraging the public to help commemorate Patriotism Week.

The week of 1981 has been chosen by the United Nations as the International Year of Disabled Persons, and plans are being formulated by Chapter 52 to participate in local activities intended to help meet the needs of disabled persons.

Petition for school

(Continued from Page 1)

personal doubts about whether it would be advisable to substitute income taxes for property taxes, but he acknowledged there is widespread public interest in such a change.

It has not been determined whether apartment buildings of varying sizes would be designated as businesses or residences for tax purposes, the speaker related. Interest income would not be completed until May.

He estimated that a widow who receives Social Security benefits of \$21,000 home assessed at \$7,000 would pay no income taxes and save \$232 of her present \$443 property tax bill.

The same individual also receiving \$89, its \$1,268 property tax bill would see her income tax rise from \$75 to \$135 and \$232 of her property taxes eliminated, for a net saving of \$172, the gathering was told.

A family of four with a \$60,000 residence assessed at \$20,000 and earning \$30,000 annually would save \$300 in salaries and interest would drop to \$659 and its income taxes would rise from \$650 to \$1,170, a chart showed.

Families and individuals with high incomes in salaries and interest would pay more than they do now, under the proposed change. The substitution would be of great help to retired persons, but there also are other factors that could be helped through tax law revisions, Warncke commented.

Some elderly residents have voiced concern that tax boosts could force them to sell their homes or could have a devastating impact on their living standards, Norman Hall said.

Hall served as moderator of the meeting, which was sponsored by the Progressive Action Party of Nameoki Township. Richard Kiser of the sponsoring party spoke briefly, saying the group has not taken a stand on the proposed tax change.

Warncke urged that citizens attempt to protect their interests by attending meetings of school boards and other governmental bodies and urging officials to limit the size of their appropriations and levies.

He stressed his belief that property taxes were originally intended to be residual taxes, providing whatever was needed and was not being financed by other income.

Instead, agencies usually over-budget, since they do not know what their assessed valuation will total, the excess appropriation assures that the maximum tax rate will be utilized when the county clerk extends taxes, he said.

"Tell them, 'No, we don't want higher taxes,'" Warncke counseled the

audience. When told that such pleas often are ignored, he advised that they support candidates who will listen to them.

He said one advantage of a switch from property taxes to income taxes would be the immediate availability of funds. The one-year delay built into the present taxing cycle is causing extensive borrowing, Warncke noted.

forcing more and more of public funds to be devoted to interest payments rather than to wages and capital expenditures.

The growth in short-term debt, generally through tax anticipation warrants, is causing financiers to have less faith in governmental agencies as long-term borrowing through bonds, he told the group. Short-term borrowing also takes place in the form of tax anticipation notes and teacher warrants, he said.

Another point cited was that elimination of half the property tax would have the effect of increasing the value of a home, since it would be freed of part of its tax burden. Owners at the time of such a tax change would experience a windfall increase in property value, Warncke said.

While not all people feel the same about various taxes, it is undeniable that the property tax was devised as a way to reach real wealth, as represented by one's possessions, he related; other taxes impact on a family's earnings and spending but do not otherwise place a levy on basic wealth.

He noted that, in Illinois, property owners can appeal their township-set valuations not only to the county review board but also to the state property tax appeal board.

His talk outlined how, in separate but simultaneous actions, the assessment base is determined and agencies' financial needs are projected. Budgets and tax levies always relate to taxes to be collected the following year, he stressed.

"Rate limits are helpful but have been damaged in the effectiveness by the monetary inflation that has occurred. With the same limit, larger and larger amounts of taxes can be collected. Maybe we should get back to dollar limits, known as 'pegged levies,' rather than percentage limits," Warncke commented.

"The problem is that officials have been saying they want and need every single tax dollar available to them."

"Judging by the multiplier of one that the state issues to Madison County, your county is achieving an average

assessment of 33 1-3 percent of actual value.

"It is necessary for there to be county and township thresholds, since governmental boundaries overlap township and county lines. How fair the assessing is within a township or county can be determined to a great extent by the co-efficient of dispersion, which should be near unity."

"One of the things you should fight for is to see that your property is assessed at about the same value as comparable property near you, whether at 30 percent or 100 percent. The multiplier can then provide the right level."

One person in the audience commented that this point has succeeded in "pitting neighbor against neighbor" and creating enemies within a neighborhood when assessment rolls are made public.

One lady complained that her home is assessed at 150 percent of its value. A man urged consideration of a worth-added tax, as a replacement for property taxes.

Warncke urged that efforts be made to retain the virtues of property taxation, including governmental decisions made at the local level rather than at the state level. He called for "continued local control of schools."

He said costs vary in different parts of the state, and that identical per-pupil expenditures are not essential to provide equal educational quality.

Legislation currently being written contains a "hold harmless" clause, under which each school system assessed income taxes would be assured of getting at least as much as the amount of its school property taxes, Warncke noted.

He recalled authoring legislation in 1975 that would have reduced the number of elected township assessors in Illinois from 1,400 to about 500.

He estimated that 5,100 entities levy property taxes in the state.

Warncke assailed unfairness in taxation, saying that in the Collinsville school district the Madison County portion is assessed higher than the St. Clair County portion, which he said is well below the 33 1-3 percent ideal.

He avoided comment on taxpayers' criticism of Madison County assessment policies.

The speaker emphasized his view that the public has considerable power to work for and attain fair and reasonable taxation. He cited escalating federal salaries and pensions and said congressmen have reported extensive contacts by federal workers but few letters from taxpayers.

Mehelic 'burned again'?

companies.

A letter attached to the latest ice melter bill from Universal Research Corp. states, "We at Universal Laboratories (doing business as) Universal Research Corporation, are now doing all invoicing from our Dallas office. Please do not be confused by the Universal Research name, as we are one in the same." The letter was signed, but bore the typed names Mike Noel and Joe Barbush, controller, and was dated Nov. 24, 1980. A copy was sent to the township.

"I didn't know that," Mehelic told this reporter.

Mike Noel's father, Larry Noel, a spokesman for Universal Laboratories in St. Louis, confirmed that the companies merged Oct. 1, 1980.

He said the wide differences between prices for calcium chloride are due to a fluctuating market, "like gold or silver. It jumps around." He added, "Right now, I could buy calcium chloride for \$6 a bag and sell it to Frank (Mehelic) for \$8. That's because we haven't had any real cold weather and the warehouses are full."

"Calcium chloride is like bakery goods. It can't be stored during the summer because the bags absorb the moisture from the air and get as hard as a rock," Noel said.

"Frank bought his during the summer and the price was high then. You have to realize that only three companies make this only they control the market, squeeze it and make it loose," he added.

He agreed that the bags he delivered to Mehelic may well have been purchased from G.S. Robins, noting that Universal Research buys from many companies and then adds a fair market profit to it. "We try to get the best buy. Then we have to pay our salesmen and our overhead. Some of these other places are just telephone sales places which don't have salesmen" Noel stated, adding, "Frank probably never heard about any of these places, because they never contacted him."

"Nameoki (Township) is a place where we will never, ever sell again. It is not worth the small profit to get bad publicity. We don't need it," Noel said upon learning this story was to be printed.

In 1978, a Press-Record investigation showed that the township had purchased from Universal Research and

Universal Laboratories household-sized cans of starting fluid for \$5.41 per can, a bag of hand cleaner at \$4.91 per can and spray cans of windshield de-icer for \$4.91 per can.

Weed killer—which then sold in many instances for \$2.65 per gallon—was being sold to Mehelic at the department at \$13.95 per gallon, from Universal.

Twenty containers, each holding five gallons of concrete patching material, were sold to Mehelic at \$9.96 per gallon on a "trial offer," according to the 1978 invoice.

At that time, the newspaper checked prices at a local retail auto supply store. Then, windshield de-icer sold, over the counter, for \$1.33 per can (the township paid \$4.91), glass cleaner was \$1.29 per bottle (the township paid \$6.60) and the battery cleaner sold for 99 cents (the township paid \$4.08, presumably for a larger can).

Mehelic agreed in September, 1978, that he apparently had been "burned," by Universal Research, but said he had switched his business to Universal Laboratories when the salesman he did business with quit one and went to work for the other.

He charged then that political opponents were attempting to make him look bad and said some enemies were saying they overheard him and salesman talking about money. He called the rumors unfounded, saying the two were playing gin rummy at the time and only were talking about the money being bet.

Harold Davis, supervisor of Nameoki Township, is a candidate for highway commissioner this April, opposing Mehelic, so he said he did not wish to comment on the latest bill from Universal Research. He did say that the township board has taken under study and has asked Mehelic to justify the bill.

Mehelic told him Tuesday that the bill was a just one and should be paid, Davis said.

A random check of suppliers of calcium chloride pellets indicates that the township appears to have been billed from 18 percent to 63 percent higher than if the same purchase had been made from another firm. Mehelic said he did his own pricing at the same firms and came up with similar figures.

Portell said he has not purchased calcium chloride in some time, but summarized, "If you are paying more than \$15, you are probably paying too much."

Industrial Soap of St. Louis quoted \$9.95 per 80-pound bag, plus 40 cents a bag for delivery. Mehelic was billed 260 percent higher by Universal Research.

Mehelic said Industrial Soap quoted him a price Wednesday of \$10.89 a bag C.O.D. (collect on delivery) and the township's purchasing procedures do not allow him to buy C.O.D.

Moore Research of St. Louis told a reporter that it would supply 50 of the 80-pound bags of calcium chloride pellets to the township for \$680 the delivered product, a 198 percent increase over the \$1,199 per bag.

Wednesday quoted him a price of \$11.60 a bag, or \$580 for 50 bags, C.O.D. or payment within 10 days.

A check of Granite City School District public records indicates that the school district paid \$7.69 per 80-pound bag of calcium chloride pellets last summer at \$15.02 a bag, or 179 percent below the \$27.50 Universal charged Mehelic in November, 1980, research indicates.

A spokesman for Granite City said the city's supply was purchased from Foley Supply of St. Louis.

Mehelic contends prices he obtained Wednesday were as high as \$61.75 per 100 pounds for calcium chloride, but went as low as \$10.39 per 80-pound bag.

"I realized after calling these businesses that I was probably overcharged a bit, so I called Larry Noel and said, 'I think you overcharged me, and asked him to take them back. Of course they refused. They said they might adjust the price, but I said I would have to explain that I just got a discount and that wouldn't sound right. I wanted them to take them back.'

"Larry said he bought and sold them to me in good faith," Mehelic added.

He noted that in Nameoki Township, it is not necessary to advertise for bids on any purchases under \$5,000 and felt the prices the Universal salesman quoted him were low, because other salesmen quoted him higher figures.

He said he feels the township should pay the \$1,399.50 bill to Universal Research, this time, but will investigate other suppliers next time such materials are needed.

State recognition for educational program

Full recognition of the Granite City School District and all its schools has been granted for the 1980-81 term by Dr. Donald G. Gill, state superintendent of education. Notification was received by the School Board last week.

Dr. Gill said, "This decision is based on information developed from an evaluation of your district's total educational program, conducted by the Public School Approval Section, Department of Recognition and Supervision, Illinois State Board of Education."

"It is important that the superintendent, as the educational leader of your school community, as well as the members of the Board of Education make every effort to maintain adequate and appropriate educational opportunities for the young people of your school district. Through your professional efforts, as well as those of the community and staff, quality educational programs can be achieved."

"I encourage you to continue to identify the educational needs of your students, and also to evaluate your educational programs in order to keep pace with the increasingly difficult challenges of our society."

The board decided last week to apply for Title IV B federal funds amounting to \$38,000, of which \$3,300 will be spent for three parochial schools. Other private schools declined to participate.

The funds are to be used for textbook acquisition, purchase of microcomputers for use at Granite City High School South, and purchase of materials for the central audio-visual library. Last year's IV B application concentrated on audio-visual equipment and materials and reference materials.

The board also will apply for state funds to be used to acquire movable instructional equipment for use in vocational education programs.

Word was received that the State Board of Education has selected Mrs. Anita Etimoff, a resource teacher at Johnson School, as an intern in the state's Department of Specialized Educational Services intern program from June 15 to

Sept. 15. Released time was authorized. On the recommendation of Vasil Etimoff, administrative assistant for pupil personnel services, kindergarten registration dates were set for April 21-24 for children who will be five years of age on or before Dec. 31, 1981. A birth certificate is to be presented at the time of registration, with a health examination obtained before the fall term begins. Present grade school boundaries will be followed for the registration.

A report is to be made at the Feb. 3 board meeting by Joseph Fedora, administrative assistant for athletics and physical education, on a proposal to establish girls' soccer as a high school sport.

The request from the YMCA Soccer Association, which endorsed the idea at a Jan. 6 gathering, noted that girls' soccer as a school sport is "very strong in Missouri and other sections of the country."

"We feel that Granite City, being the soccer capital of Illinois with six state boys' championships, should take the initiative and establish it in our system first," John Beasley, soccer association president, said.

Miss Leigh Heller, physical education coordinator, was commended by the Illinois Association for Health, Physical Education and Recreation for serving as a session chairman at the group's annual convention.

Don E. Arnold, IAHPER president-elect, said she made an "excellent contribution and was resourceful and thorough. Because of the dedication of Miss Heller and others like her, the association has been able to meet the needs of its members for professional improvement while serving its various publics for the past 50 years."

James L. Eisenbeis, general campaign chairman of the successful Tri-Cities Area United Way campaign, thanked school employees for contributing \$10,236, saying this reflects their concern for their neighbors.

Donald R. Shaffer, coordinator of off-campus education, reported that state approval has been obtained for the curriculum developed for a spring 1981 nurse assistant training

program planned in cooperation with St. Elizabeth Medical Center, Grove Plumbing, contractor for installation of a furnace boiler at Namoki School, was authorized to add a force-draft fan to the boiler for \$1,661.

Reviewing canned food bids, the board purchased \$2,475 worth of canned goods from Tarias Meat, \$1,632 from Kellner and \$480 from Independent Foods. Industrial education hardware purchases will total \$1,299 from six suppliers, including \$731 from

Harry's Wallpaper. Alltype Fire Extinguisher Co. will furnish five extinguishers for a total of \$126 and will provide recharge and hydrostatic testing as needed during the school year. Pyrene Fire Protection Co. will perform semi-annual servicing of fire extinguishers at GCHS North and Johnson School.

Repair and reconditioning of football equipment will be performed by All-American, \$848, and Century Sports, \$477.

A. P. Green Refractories will provide fire brick

HELD IN JAIL.
Harold Garrigus, Granite City, was held in the Granite City jail pending the posting of \$825 bond. He was arrested at 10:40 p.m. Saturday at the Tip Top Tavern, 18th and State streets on traffic warrants. However, he allegedly fought with police at the station while being booked and made threats, which lead to an additional charge of resisting arrest.

costing \$648 to rebuild the fire wall in the No. 3 boiler at GCHS South. Aves was designated to provide 40 videotape reels for a total of \$832.

GRANITE CITY (Ill.) PRESS-RECORD, Thursday, January 29, 1981—5

Open house at BAC sr. citizen office

The Belleville Area College Programs and Services for Older Persons' office in Madison County will have an open house on Feb. 10 from 10 a.m. until 3 p.m.

The new office facility, donated by St. Elizabeth Medical Center, houses the Madison County office of the Retired Senior Volunteer Program and the Senior Aides Program.

Previously, the RSVP office had been located in the Tri-City Area YMCA. The Senior Aides office will still maintain its office in Madison as well as the new location.

Refreshments will be served and volunteers will be present to discuss various aspects of the program. The community is being invited to attend the open house.

Nameoki accepting applications for home sewer grants

Low income residents of Nameoki Township are being urged to apply for a grant from the township which will help them pay for constructing new sewers to connect their homes onto the new county sanitary sewers.

Applications will be accepted for six weeks only, beginning Monday, Feb. 2, at \$12,425 per acre, according to Supervisor Harold Davis.

He stressed that residents of Pontoon Beach do not qualify, since the village could have applied for a grant for its own sewer hookup aid program, but failed to do so. "I hate to say that, but we do not have enough money to do Pontoon Beach and the rest of Nameoki Township, so we will have to exclude Pontoon Beach," Davis stated.

Persons applying for the sewer hookup grants will have to show proof of family income and size and of ownership of their houses.

Maximum family income in order to qualify for assistance from the program ranges from \$8,450 per year for a person living alone to \$13,775 for a family of six. For two persons in a house, the maximum is \$9,675; for three it is \$10,675; for four it rises to \$12,100 and for five, the maximum is \$12,425 per year.

The program is funded by a \$40,000 Community Development grant and the township plans to pay up to \$500 for each home sewer installed by eligible applicants.

Forms may be obtained at the Nameoki Township Hall, 4250 Highway 162, or are available from Mrs. Helen Hawkins, Arthur Adams, Joseph Garcia, Jerry Adams, or Don Patterson.

Additional information is available by calling the town hall at 931-1230.

Baker announces resignation from Granite council

A fact that became apparent as the deadline for filing candidate petitions passed Monday evening—that Seventh Ward Alderman Earl Baker would not seek re-election this April—was stated publicly by the alderman at Tuesday night's Granite City Council meeting.

Baker said he was undecided until the last few days of the filing period whether or not to run and decided at the last minute.

The legislative committee of the Trades and Labor Council will interview candidates for public office in the Labor Temple on Saturday, Feb. 7. Edwin Reiske, president of the council, announced Tuesday.

Any candidate who seeks a labor endorsement in his campaign may appeal for an interview between 9 a.m. and 12 noon on that date, Reiske said.

The committee will interview candidates for any office, including the park boards and townships in the Quad-City area.

After interviewing candidates, the committee will make a report to the council concerning recommendations for election.

Pres. Reagan on Wednesday lifted the remaining price and allocation controls on petroleum, a step expected to lead to higher gasoline and heating oil prices.

The controls, previously scheduled to expire last year, were blamed for hampering oil production and artificially increasing energy use, aggravating the nation's "balance of payments" deficit.

Former hostages freed Jan. 20 from Iran returned to their home towns Wednesday. The U.S. ruled that they will ship no weapons to Iran.

SUE winter quarter enrollment has risen 2.7 percent from a year ago, 9,951 compared to 8,811.

School bus hit by auto

Nine Granite City students and their bus driver, Patsy Walton, No. 6 Victoria Drive, escaped injury at 5:15 p.m. Wednesday when the rear of their vehicle was hit by the front of an auto of Steven E. Woolen, 26, of 2127 Lincoln Ave. A traffic charge was filed against Woolen.

Both were eastbound on Edwardsville Road 150 feet east of 14th Street, when the bus followed its usual procedure of halting before going across railroad tracks. Woolen said he was changing lanes and could not react in time to avoid striking the back of the bus even though its flashing lights were operating.

Study elevating fighter aircraft in Wilson Park

By LISA LUTZ For the Press-Record Over the past few years, the First Jet fighter bomber in Wilson Park has become an eyesore, and according to the government, public displays must be properly maintained or destroyed.

At the meeting of the Granite City Board of Park Commissioners last night, a 1977 letter from Steven Konkovich to the board was again a point of discussion.

Conkovich, who maintains the aircraft, proposed that the plane be elevated on three-foot concrete pillars to prevent vandals from climbing on the plane and destroying it. He said he can acquire the materials necessary for the project, but asked the park board to supply the concrete.

Park Commissioner Jack Hood told the board that the plane must be elevated in a safe manner. Attorney Eric Robertson said, "It would be wise to have an engineer look into it to be sure that it is secure."

Park superintendent Harold Brown agreed to meet with Konkovich and an engineer to discuss a safe way to make the plane less vulnerable to vandals.

The board also approved a bid for the new West Granite Park playground equipment. The total cost of the equipment is \$7,015, including a \$2,090 "Tornado Slide." Brown will complete the contract with the Miracle Playground Company to supply the equipment.

A motion was made by Board Member Jeff Worthen to raise the current entry fee of \$85 for softball teams to \$100. Worthen said, "I feel the fee should be raised to \$100 last year, our power costs (for field lights) doubled. This way we can keep the park really nice."

Industry studying Pontoon Beach site

Pontoon Beach is among the areas under consideration for the placement of a national manufacturing firm which would ultimately employ approximately 100 persons, the Pontoon Beach Village Board was told during its regular meeting Tuesday evening.

Correspondence from Charles E. Baker Realty of Bethalto requested copies of the village's zoning ordinance, building codes and subdivision regulations to be used in comparing a location in the village with other locations under consideration.

Village Clerk Mary Warren said she contacted the realty firm and found out that a site was being sought for a large plant. The realtor declined to name the industry or describe the type of manufacturing operation, she said.

Mrs. Warren said there is a shortage of village code books which contain all the ordinances and zoning regulations. The board authorized her to obtain prices for additional copies of the code books and bring the prices back to the board for study.

The board also agreed to establish a \$25 revolving petty cash fund for police department to use for film, office supplies and other expenses.

Evening Kiwanis is in its 35th year

The Granite City Evening Kiwanis club on Jan. 24 reached the 35th year of operation.

Plans to celebrate are being incorporated with an April ladies night. Kiwanians Wally Weidner, Marvin Barnes and Mike Toundas represented the Evening Kiwanis at the Division 34 mid-winter meeting on Monday.

The Kiwanis program theme for 1981 is "Take time to care," and deals with communications problems of the blind and deaf.

A district representative of Kiwanis will meet with the club on Feb. 10 and discuss ways the local club can follow the theme.

BROGAN WITHDRAWS FROM CABINET POST Governor James R. Thompson said Tuesday that William M. Brogan has asked that his name be withdrawn as director designate of the Illinois Department of Labor. Brogan cited personal reasons in a letter requesting that his name be withdrawn.

Thompson said Director William M. Bowling, who had resigned effective Feb. 9, has agreed to remain as director until the governor names a successor.

Opposition for Sasyk; none at Venice

With no one at this time expected to withdraw from the ballot, the city of Madison should have an interesting election.

Incumbent Madison Mayor Mike Sasyk is being challenged by Jim Riskovsky.

Filing for city offices ended Monday afternoon.

Thomas R. George of Ward Three is waging a strong campaign to unseat incumbent Third Ward Alderman Thomas Gordon.

Ward Five Alderman Booker Walton is being challenged by Charles Rockett. A slate formed by Mayor Sasyk and known as the Citizens Improvement Party has the following incumbents running without opposition.

City Clerk John Belkoff, City Treasurer Hilbert Hoekstra, First

Ward Alderman R. Don Reeves, Second Ward Alderman Ida Dant, and Fourth Ward Alderman Christ Costoff.

No one is running against Venice Mayor Tyrone Schels, although there are several contests.

Dale Georgeoff a candidate for city clerk is being challenged by independent candidate James Harrell.

There is a three-way race for First Ward Alderman between incumbent Earl Hogan and independent candidates John Flieg and Virginia Hargis.

Valenta Bauder and Joan Silas are both incumbents and running to retain their office. The Rev. John Henry Williams is also running for one of the six-year terms.

Jon Gardner, incumbent, will seek the two-year term and so is Leona Diana Scherrills.

This week also has been declared "Thumbs Up America" Week in Granite City by Mayor Schuler. At Tuesday night's city council meeting, Schuler read a statement asking all residents of the city to be proud of America and the hostages.

The theme, "Thumbs Up America" was another creation of McColegan, who said President Ronald Reagan use the thumbs up gesture many times and is attempting to get all Americans to use the gesture in greeting others.

McColegan also designed a logo of a closed hand with raised thumb and a ribbon around the wrist declaring

"Thumbs Up America," which he has had imprinted on tee-shirts, banners and other items to remind persons of the patriotic spirit.

At the city council meeting, Schuler said the "Thumbs Up America" theme expresses our relief and joy at the safe return of our hostages. "And 'is the symbol we need to unite us as a people and to remind us that no matter what condition our country is in, it is still the greatest country in the world—the only country where we, as ordinary people, have the right to express our beliefs and feelings."

"And it is time that we pause in our criticism and take stock of ourselves. I, as mayor of our city, and as a citizen of this country, thank God our hostages have returned. But, further, we should take this opportunity to renew our pledge to remember what a great country we have and to continue our efforts to improve our city, state and country," the mayor said.

The 1981 payments will be an estimated eight percent lower than the \$55.9 million distributed during 1980. This decline, Johnson explained, is due to the combination of a slow economy and the decrease in the tax rate on corporations (the rate went from 2.85 percent to 2.5 percent effective Jan. 1, 1981).

The replacement taxes are: (1) a 2.5 percent income tax on corporations; (2) a 1.5 percent income tax on partnerships, trusts and subchapter S corporations; and (3) a 0.8 percent tax on the invested capital of utilities.

First of eight installments of replacement tax

Local units of government have received the first of eight payments this year from corporate personal property replacement taxes.

Thomas Johnson, director of the Illinois Department of Revenue, said this week that checks totaling \$76.3 million were mailed last week to 6,639 units of local government.

"During 1981, local governments should receive about \$510 million in replacement taxes," Johnson estimated. "This will be about \$19 million more than the projected \$491 million that governments would have received under the old corporate personal property tax."

Replacement taxes replace funds lost to local governments when the corporate personal property tax was abolished under terms of the 1970 state constitution. The replacement taxes were authorized by the Illinois General Assembly in August 1979.

Under the new system, taxes are collected by the state revenue department and the money is funneled to the local governments.

Beginning this year, distributions will be made eight times a year, rather than the quarterly schedule followed last year. Payments are to be made in January, March, April, May, July, August, October and December.

The 1981 payments will be an estimated eight percent lower than the \$55.9 million distributed during 1980. This decline, Johnson explained, is due to the combination of a slow economy and the decrease in the tax rate on corporations (the rate went from 2.85 percent to 2.5 percent effective Jan. 1, 1981).

The replacement taxes are: (1) a 2.5 percent income tax on corporations; (2) a 1.5 percent income tax on partnerships, trusts and subchapter S corporations; and (3) a 0.8 percent tax on the invested capital of utilities.

Downtown merchants seek help from city

An appeal for cooperation between the Granite City Council, the Tri-Cities Area Chamber of Commerce and the merchants of downtown Granite City was issued at Tuesday night's Granite City Council meeting by Jim DeRuntz of Michel's Jewelry, spokesman for the downtown merchants committee of the Chamber.

DeRuntz pointed out seven areas where he feels the city needs to help the downtown merchants if the downtown area is going to stay alive. His points are:

—Cleaning up dirt, dust, beer cans, trash, etc., each morning.

—Providing public restroom facilities downtown.

—Improved street lighting.

—Enforcing the two-hour parking limit.

—Faster snow and ice removal.

—Rehabilitate or demolish vacant buildings downtown.

—Repair broken sidewalks and curbs.

—If hope to start a joint effort with the city. What's good for the downtown area is good for the whole city, DeRuntz said.

Alderman Lloyd Bailey of the First Ward, which includes the downtown area, said he was the chairman of the council's downtown committee in the past. "Not one merchant would do as

much as pull the grass out of his sidewalk," Bailey contended.

Alderman Roy Poulos of the Third Ward added, "If it wasn't done by Manpower, it didn't get done. I have yet to see a businessman get out and sweep his sidewalk. You have to take a lot of responsibility yourself," he added.

Poulos said the merchants should be able to sweep trash out of the doorway of a neighboring vacant building.

DeRuntz said he would like to clean boxes out of an alley. "It won't hurt you," he told the merchants.

DeRuntz responded, "I am just trying to get something going. There are tax dollars for the city downtown. If it folds, we all lose."

Alderman Paul Fisk said the rehabilitation committee studied putting restroom facilities on the vacant lot at 19th Street and Delmar Avenue, but the merchants refused to take the responsibility for maintaining the restrooms.

Likewise, the park district, street department and other units contacted said they did not want to be responsible since the restrooms would probably be vandalized frequently.

The only public restrooms downtown now are in the city hall. It's possible we can work something out," Fisk said.

Alderman Sam Whitmer of the Second Ward said the request for more parking downtown touches a raw nerve. "The aldermen have a thorn in their side on the parking lot at 19th and Edison," he said. At one time, the merchants agreed to take over that lot and pay the city for it from the revenues generated by the parking spaces to downtown employees. The

"Everything that the city and downtown merchants have attempted to do has failed because the people (merchants) sit and don't want to do anything. Unless these people come to the conclusion that they are going to help themselves, we are going to be in the same shape as today. We are only asking for cooperation that we have not been receiving," Whitmer contended.

DeRuntz asked another problem he encountered as head of the downtown committee was that the owners of at least half of the downtown buildings live in St. Louis or Missouri "and could care less."

Alderman Paul Fisk said the Chamber of Commerce aldermen to put past failures behind them and begin developing a plan to make the downtown more attractive to shoppers.

Mayor Paul Schuler agreed and suggested that the Chamber of Commerce continue to work with the downtown committee, now headed by Alderman Fisk. Fisk said his committee would try to cooperate in all Chamber plans for improving the downtown area.

Allocate \$50,000 to repair sewer

Granite City Street Superintendent Lionel Portell may have to wait a few corners, but was to begin repairing a major sanitary sewer break in the school yard of Nameoki School this week.

The final "go-ahead" was given to Portell at Tuesday night's city council meeting, but the council only authorized up to \$50,000 to repair the break. Portell originally estimated the break could cost up to \$91,050 to repair, but admitted that was an inflated figure and included replacing about 1,400 feet of deep underground sewer line connecting three manholes.

He said that for the \$50,000 authorized by the council, he can repair the break and a portion of the old line.

For the second meeting in a row, Portell stressed the importance of repairing the break while the ground water table is low. The area is well below normal in rainfall and the water table believed to be below the broken sewer for the first time since 1972.

However, Portell said, it will be necessary to do more test drillings to be sure the water table has remained down before beginning the repair work. "The cost would be much, much higher if we have to dig down the ground around the break," Portell told the council.

If the water is below the pipe, the project still would be expensive, he said, because it requires replacing about 1,200 feet of deep pipe, replacing fences and shrubs and putting the school yard back into good condition.

Bypass pumping around the break will be required and crews will have to be on duty 24 hours a day to monitor the pumping during the month or more the break is being repaired. "That's what is going to eat us up," Portell predicted.

Alderman Sam Whitmer of

the Second Ward contended that the city cannot afford to spend more than the \$42,000 or \$43,000 which federal disaster officials have given the city to do the repair work. He said his discussions with the city treasurer indicate there is no money beyond that amount.

Mayor Paul Schuler responded that the city cannot afford not to repair the break now, when the water table is down. Portell agreed, saying, "You can pay me now, or pay me later."

Portell said there is a possibility that the federal disaster agency will agree to repay the city for some of the additional costs after the break is repaired, if meticulous records are kept showing what work qualifies for repayment and what work does not.

He warned, however, "I can't be dead certain, but it is possible some of the amount may be justified under what they would allow us."

Whitmer objected to a plan by Portell to hire up to six extra employees to conduct routine street department operations while the regular street department employees are working on the sewer break.

Portell said the residents have come to expect the street department to conduct tree trimming, brush pickups and other services, which would have to be discontinued, unless temporary employees were hired.

Mayor Schuler suggested that the council let Portell decide how to best operate his department during the sewer repair, as long as he did not exceed his budget, plus the \$50,000 given to him for the sewer repairs.

Alderman Roy Poulos supported repairing the sewer break now, saying "We have good weather here and it might cost more later

(to repair it)." Schuler agreed, saying, "We have got to bite the bullet of other city services. We have reached the point where there are no more appeals for money from the federal government."

"I don't think the taxpayer wants to pay anymore and is willing to give up some of the services, so he doesn't have to pay any more tax. We're just going to have to do it with the money we've got now, Lionel," the mayor said to Portell.

Schuler said he doubted whether there would be any future funds released by the federal disaster officials to the city in relation to the break, even though consultants hired by the city studied the break and concluded it qualified for additional federal aid.

"We have been talking to the feds for years. Our engineering study says theirs is full of bull and they said we had to go with their studies."

"The council agrees it should be fixed. It is just a matter of whether or not to hire extra men. I think there is no alternative but to allocate up to \$50,000 to Lionel. If he sees fit to hire six people within his budget, I don't see any other way. You've got authorization already (from the previous council meeting) to hire up to six men. If you hire six, maybe you'll be able to fix the break in half the time," the mayor concluded.

Portell said that between disaster aid and reimbursement for pumping done during the 1972 flood, there is \$45,000 earmarked for the repair job. "We're only talking \$7,000 from city funds. We are not going to spend it, unless it is absolutely necessary," he pledged.

Schuler said it is possible that federal revenue sharing funds could be used for the extra \$7,000, if it is needed.

CONSTRUCTION at St. Elizabeth Medical Center continues this week and at times is an inconvenience to the staff as well as patients and visitors, but some of the newest additions to the complex are now being used. Documentary on enslaved nations

A documentary film in which Kamil Winter plays a role was aired on the Swiss national network Tuesday. Winter is a professor of mass communications at Southern Illinois University at Carbondale.

During a sabbatical leave, he served as a consultant with producers of the television film documentary, "Destiny." The documentary highlights a member of the European Parliament, which represents enslaved European nations.

In addition to acting as a consultant, Winter also is interviewed in the film. The professor was notified of the broadcast by officials of the Swiss television and radio network in Geneva.

Winter was head of the Czechoslovakia television news and public affairs program at the time of the Soviet invasion in 1968. He helped organize underground broadcasts during the first week of the Soviet occupation, informing the world about events occurring there.

In 1978, the British Broadcasting Corporation invited Winter to participate in a national program commemorating the 10th anniversary of the invasion.

WINPINSER WILL GIVE TALK IN AREA William W. Winpinger, president of the International Association of Machinists and Aerospace Workers since 1977, will speak at 11 a.m. Wednesday, Feb. 4, at Washington University's Graham Chapel as part of the Assembly Series.

His talk, which is free and open to the public, will be on the topic: "The Labor Union Movement." Reared in Cleveland, Ohio, where his father was a journeyman printer, Winpinger dropped out of high school to join the Navy in World War II. While in the service, he completed training as an automotive diesel mechanic.

Races for township posts

Spirited races are anticipated in Quad-City area townships in preparation for the April 7 township elections. Opposition candidates for every township office in Nameoki and Chouteau townships had filed by the deadline of 5 p.m. Monday and several independent candidates will challenge incumbents in Venice Township.

The two announced parties seeking Nameoki Township offices this April officially filed their candidate petitions with Town Clerk Douglas Teeter Monday, the first day of the filing period. First to file was the United with Progress Party, headed by Harry Briggs, a former Nameoki supervisor, who is seeking that position again.

Others who filed on the slate are the current supervisor, Harold Davis, who is running for highway commissioner; Teeter, Tax Assessor Carl Macios and Tax Collector Freida Ballew, all seeking re-election to their current posts.

Trustee candidates on the slate are W. Lee Adams, Andy Besserman, Jerry Adams and Jim Counts, all incumbents.

A short time later, the Progressive Action Party filed to get on the ballot. It is headed by Richard Kismser, candidate for supervisor.

On that ticket are Lee Ridgeway for town clerk, Norman Hall for tax collector, David Partney for tax assessor and Highway Commissioner Frank Mehlhe, who is seeking re-election.

Trustee candidates on the Progressive Action

Party are Mrs. Helen Hawkins, Joseph Garcia, Jan Langenstein and Don Wilson.

CHOUTEAU FILINGS

In Chouteau Township, two full slates have filed. The first slate to file was the United Township Party, dominated by incumbents.

Candidates of that party are incumbent Supervisor Walter "Dick" Sparks, 613 English Place; Mitchell, incumbent Town Clerk Patricia Polley, 825 Thorngate Drive; Mitchell, incumbent Tax Collector Cletus Bedwell, 800 Missouri, South Roxana; incumbent Tax Assessor Marion Sparks, 348 Chouteau Ave., Mitchell, and incumbent Highway Commissioner Wilfred "Bud" Eberhardt, 600 E. Chain of Rocks Road, Mitchell, all seeking re-election.

Incumbent trustees on the ticket are Dudley Luebbert, 111 W. Fourth St., Hartford, Thomas Johnson, 1209 Main St., South Roxana, and Steve Novosel, Rural Route Two, Box 1183, Granite City. The only new name on the ticket is Josephine J. Burgener, 5404 Maryville Road, candidate for trustee.

Their opponents, the members of the Chouteau Independent Party filed petitions of candidacy Thursday afternoon. They are Peyton L. Pavia, 300 Springfield Ave., Mitchell, for supervisor; Darl M. Daugherty, 609 English Place, Mitchell, for assessor; Arthur C. LaRose, 180 Tennessee Ave., Mitchell, for highway commissioner; Michael R. Carner, 109

Warson Lane, Mitchell, for collector, and Bertis Maynard, 212 Stephenson St., South Roxana, for town clerk.

Trustee candidates on the Chouteau Independent Party are Robert Leckrone, 407 Ohio, South Roxana, Joseph D. Stefanoff, Rural Route Two, Box 709W, Juntura Barnes, 4912 Hills Ave., and Golden Barton, 40 Moreland Drive.

VENICE TOWNSHIP Incumbents dominate the Progress Party, headed by Supervisor Chris Pashoff, 1230 Madison Ave., Madison, who seeks re-election.

Others on the party are incumbent Town Clerk Lawrence B. Bilbrey, 515 Fillmore Ave., Venice; incumbent Tax Assessor Margaret J. Reidelberger, 1240 Klein St., Venice; Zella Niehaus, 1115 McCambridge Ave., Madison, new candidate for tax collector, and Eddie L. Salmund, 93 Hill St., Salmund, 93 Hill St., Eagle Park Acres, candidate for highway commissioner.

Trustees seeking re-election are Earl T. Mosele, 707 Bissell St., Madison, Benjamin F. Honorable, Post Office Box, 195, Madison, Richard J. Paterson, 1607 Kennedy Drive, Madison, and John R. Piechocinski, 709 Washington Ave., Madison.

Independent candidates in Venice Township are William "Bill" Boelling, 600 Washington Ave., Venice, for supervisor; Jacob Young Jr., 1231 Klein St., Venice, for town clerk, and Evelyn M. Holt, 1025 Alton Ave., Madison, for collector.

WHO NEEDS UTENSILS TO COOK? It is apparent that the adult leaders of Boy Scout Troop 5, sponsored by the Nameoki United Methodist Church, do not as they put on a demonstration for 21 Scouts and eight adults on a campout. From left, Scoutmaster Max Forbes, Charles Shane, outdoor chairman, and Jack Dawson, assistant scoutmaster, prepare chiskabob, boil eggs in a paper cup, cook hamburger in orange skins, cook rice and raisins in a tin can and are baking bread on a stick.

AIRCRAFT TRAINING

FOR ARTHUR HOWARD Airman Arthur W. Howard, son of Mr. and Mrs. Neal E. Howard Sr. of 2613 Pine St., Granite City, has been assigned to Sheppard Air Force Base, Texas, after completing six-week Air Force basic training at Lackland Air Force Base, Texas.

The airman will now receive specialized instruction in the aircraft maintenance field.

SIMAPC seminar to feature on site sewage disposal

The Southwestern Illinois Metropolitan and Regional Planning Commission (SIMAPC), in conjunction with the Illinois Department of Public Health, will offer an On-Site Sewage Disposal seminar from 7-9 p.m., Thursday, Feb. 5, in the auditorium of the Environmental Resources Training Center, Southern Illinois University at Edwardsville.

This seminar, held as an element of SIMAPC's continuing planning program for areawide water quality management, is directed toward homeowners, contractors, inspectors, engineers, and all others involved in the design,

operation, and regulation of on-site systems.

Topics to be covered include Alternative On-Site Sewage Disposal; Soils and Sewage Disposal; and Role of the Contractor, Homeowner, and Inspector in Quality On-Site Sewage Disposal. Informational materials will be distributed to participants.

The public is cordially invited to attend. For further information Quad-Cityans may contact Tom Davis at 344-4250.

8,300-foot Port office

The Tri-City Regional Port District, 2801 Rock Road, is seeking bids for the construction of an office building, has proposed an 8,300 square foot structure. Bids for the project are due March 16.

Port General Manager Carl A. Ranft says that if the design-build bids received are acceptable, "We'll begin construction as soon as possible."

The construction will mark the first step toward development of an 127-acre industrial park located at the port.

Forty-seven acres of the 127-acre industrial site have been designated as Foreign Trade Zone 31. The trade zone recently opened for business, Ranft said. Tri-City Regional Port District offices will utilize about 3,800 square feet of the new building, with about 3,900 square feet being leased by Bulk Services Corporation for office space.

Another 1,500 to 1,600 square feet of office space will be available for leasing by other office tenants.

The Port District has announced that construction is continuing on a 90-acre holding rail yard by the Illinois Terminal Railroad. Construction of Phase I of

the project began in November and is scheduled for completion in late spring. Phase I includes three holding tracks with capacity to store 90 rail cars.

Ranft said, "Illinois Terminal is building this new holding yard to accommodate the increased rail tonnage being handled by the port district."

The Tri-City Port handled more than three million tons in 1980, a 31 percent increase over 1979. The new rail yard, located on the east side of Illinois Route Three in the area previously known as the A. O. Smith Corp. rail yard, is designed to accommodate unit trains.

"This allows for two advantages. It increases the tonnage capability of the Port, and it allows for a more rapid turnaround time for the rail cars."

"Space allows for expansion of the holding rail yard to a capacity of 500 cars," Ranft concluded.

Students will prepare taxes

Accounting Club students at Southern Illinois University at Edwardsville will open their income tax service program Thursday, Feb. 5, and plan to prepare individual tax returns for the general public in Building II, Room 2518.

The service is planned for any Thursday in February between 6:30 and 9 p.m. and the first two Thursdays in March and April at the same time.

For those who prefer a morning appointment, the service will be open Fridays, April 3 and April 10, from 9 a.m. until 12 noon.

Fees are \$5 for the short federal form and one corresponding state return, or \$7 for the long 1940 form and state return. Additional forms are \$2.50 each.

Kathy Smith, club treasurer, said the tax service not only gives students practical experience, but is the major fundraiser for the organization.

All tax forms will be figured by SUE accounting majors who have completed a special seminar updating changes in tax laws, she said.

Ray Sonnenberg is Boy Scout speaker

Ray Sonnenberg, Belleville, a banker and former professional National Football League (NFL) official, will be the speaker at the 31st Annual Boy Scout Recognition dinner.

The dinner will be held on Saturday, Feb. 7, at 6:30 p.m. at the American Legion Hall in Edwardsville.

The deadline for purchase of tickets is Monday.

Tickets are \$5.50 each and may be purchased at the Boy Scout Service Center, 2016 Delmar Ave.

Although there will be numerous recognitions at the dinner the highlight will be the presentation of the Silver Beaver award to three volunteer scout leaders.

Boy Scout sweetheart dance in Highland

The Kickapoo District committee of the Cahokia Mound Council, Boy Scouts of America, will again host the annual Sweetheart Dance and Fun Night.

The event is Friday, Feb. 13, at the Lindendale Park Ballroom, Highland, from 8 p.m. until midnight.

Music this year will be supplied by Bob Berkemeier and Heritage.

The purpose of the evening

is to give all volunteer scout leaders and parents, in addition to any friend of scouting an opportunity to meet for fun and fellowship.

The proceeds from the evening will be used to support the scouting program.

The cost is \$6 per person which includes chicken and other refreshments.

Tickets may be obtained at the Boy Scout Service Center, 2016 Delmar Ave.

Further information may be obtained by contacting Bob Bastula at the First National Bank of Highland 1-654-2331 or the local scout office 876-0686.

Auto theft prevention major objective—Edgar

Auto theft prevention will be a major objective in the new administration of Jim Edgar, secretary of state, as it was in Secretary Alan J. Dixon's. Edgar told the Midwest Task Force on Auto Theft Prevention Tuesday.

He said the program of his office has been successful in Illinois. Preliminary figures indicate motor vehicle theft in the state dropped 8.8 percent from 1979 to 1980.

"We will enlarge our program, refine it and strengthen it as we gather new experience," Edgar said.

He said the meeting is the first step in a program to create a national task force and three other regional task forces similar to the Midwest group. Participants in the Midwest task force are the states of Illinois, Indiana, Kentucky, Missouri, Iowa, Wisconsin, Michigan, Kansas, Minnesota, Nebraska, Ohio and the Dakotas.

"This is to carry forward the recommendation adopted by the American Association of Motor Vehicle Administrators at their annual conference in Milwaukee Oct. 2," said Edgar.

"It makes no sense for us to drive auto thieves out of Illinois if they move to other states. The syndicate criminals who control the theft industry around here have connections in California, New York, Canada and Puerto Rico."

Edgar said he has assigned the acting director of his own investigative unit to streamline the operation so the energies and talent of investigators will be

Bill Terrell is honored

Bill H. Terrell, general agent in Granite City for the Franklin Life Insurance Co., Springfield, Ill., has been named the company's Agency Builder of the Month, it was announced by President William J. Alley, C.L.U.

Terrell has been accorded this honor on the basis of his agency's outstanding development, both in manpower recruitment and sales growth. Competing for the monthly award are more than 1,200 Franklin general agents located across the United States and Canada.

A feature story concerning Terrell's life industry achievements is scheduled to be published in the February-March issue of the Franklin Field magazine, the company's national publication.

HEALTH OF ELDERLY IS SEMINAR TOPIC

A seminar entitled "Health Maintenance Throughout the Life Cycle" will be held Wednesday, Feb. 4, by the Gerontology Program at Southern Illinois University at Edwardsville. The program will be led by Gloria Burgess, associate professor of nursing. She will discuss exercises, diet plans and stress reduction methods for senior citizens who want to achieve the best health possible.

The session will meet from 1:30 to 4 p.m. in the Mississippi Room of the University Center and is free of charge to senior citizens in this region.

Some personal, social problems best solved outside medical field

(This is the third in a series of 15 articles exploring "The Nation's Health." In this article, science writer Joan Ellison Rodgers discusses how we have come to expect medicine to solve our personal and social problems. Copyright (c) 1980 by the Regents of the University of California.)

After World War II, stunning scientific and technological advances — from penicillin and tranquilizers to brain scanners and heart-lung machines — gave physicians unprecedented ability to detect and treat disease.

Impressed by these successes, patients and the public inevitably came to expect the absence of illness to be the province of an ever-expanding list of personal, social, and behavioral problems.

By the 1980s, this process had produced a unique, broadened definition of "health" that encompassed not just the absence of disease, but, as the World Health Organization interprets it, "a state of complete physical, mental, and social well-being."

At first glance, this new trend may seem eminently worthy.

Who is not in favor of healthier people? But, in fact, reliance on medicine to solve our personal and social problems in addition to our physical illnesses has had some negative consequences.

DEFINING MEDICAL PROBLEMS. Goals once considered the exclusive province of parents, clergy, teachers, judges, lawmakers, and social workers now are declared targets for the health care system.

Indeed, it is hard to think of any condition that people believe cannot be cured, or at least eased, by the medical system.

In more extreme forms, this "medicalization" of American society assumes that there are no "bad" people, only "sick" ones; no "failures," only untreated or undertreated victims.

Delinquency, suicide, laziness, promiscuity, poverty, sagging breasts, ignorance, sexual modesty, and a disagreeable nature have all been medicalized — redefined as conditions that can be diagnosed, treated or prevented, like polio, heart attacks, broken bones, and sore throats.

Alcohol and drug abuse are no longer fought on moral, legal or social grounds, but as agents of

physical and mental disease. Divorce, inflation, aging, job disappointments, and similar stresses now get Americans referrals for psychiatric and medical treatment.

Physicians routinely send children with behavior and learning problems for drugs to alter their classroom behavior.

Such medicalization of our society cannot be attributed to medical and scientific discoveries alone.

The Industrial Revolution contributed, by categorizing all human problems as solvable with sweat, technology and money.

The post-World War II boom brought with it a new preoccupation with youth and an affluence that provided time to dwell on personal and social ills.

Additionally, the social, behavioral, and egalitarian movements of the last 100 years overturned the notion that the poor and ill are poor or ill because they are unfit, stupid, evil, or destined by God to be that way.

NEGATIVE IMPACTS. There is no denying that the impact of modern medical technology has been beneficial to many.

Equally important, but less widely publicized, however, have been the negative — or at least questionable — consequences of labeling so many aspects of life in a medical context.

In reality, medicalization harbors unrealistic assumptions and mandates that pose serious dangers to good health care and the critical doctor-patient relationship.

It encourages us to overlook medicine's limitations and to neglect the social, environmental, and personal factors that are the real determinants of health.

Among the most misleading assumptions underlying medicalization are the following.

MEDICINE IS A PRECISE SCIENCE THAT CAN BE APPLIED EQUALLY TO ALL PATIENTS BY ALL PHYSICIANS.

In fact, much of clinical medicine is an art. Its practitioners are limited by their individual skills, knowledge, and imagination — and by a still set of established probabilities.

Contrary to widespread belief, science does not have much information about why people get sick or get better.

Most human problems lie outside the province of

medical science, and most ailments disappear without treatment.

MENTAL AND SOCIAL WELL-BEING ARE PROPER GOALS OF THE HEALTH CARE SYSTEM.

Evidence is being gathered showing that slums, poverty, and deprivation stresses that generate illness.

There is, however, no evidence that physicians or psychotherapists are any more competent to deal with these problems than families, lawmakers, teachers, judges, policemen, or philanthropists.

—WHEN IT COMES TO BEING HEALTHY AND STAYING THAT WAY, DOCTORS KNOW BEST.

Research increasingly shows that, while physicians can treat some forms of disease, the patient is responsible for the habits of health.

The factors that determine health status are largely social, behavioral, and environmental.

They relate to sanitation; nutrition; exercise; pollution control; safety at home, at work, in cities, and on highways; and the ability to handle stresses of life with skills learned at an early age.

IF WE SPEND ENOUGH MONEY AND ENERGY TO EDUCATE THE PUBLIC, WE CAN PREVENT MOST DISEASE AND INJURY.

With the exception of basic sanitation and immunization programs, most public programs do not address the fundamental problems.

They have been misguided and misdirected and largely oriented toward single diseases.

Health promotion campaigns have naively emphasized the need to eliminate unhealthy behavior, rather than seeking to eradicate the sources of stress that create the behavior.

An endless stream of books, magazines and articles describing diseases, symptoms and treatments has produced a nation of people unduly concerned with bodily functions and afraid to wander beyond the reach of doctors and hospitals.

Physicians faced with excessive demands, impossible expectations, and threats of malpractice are pressured into "defensive medicine," ordering costly, too frequent and sometimes unnecessary tests and operations.

A whole constellation of rights and decisions with respect to lifestyle has been taken from the family and individuals and placed in the hands of medical or quasi-medical institutions.

In an age of shrinking economic resources, continued medicalization may

have catastrophic economic consequences.

The current emphases on health insurance, acute care, hospitals, tests, operations and procedures is very costly.

In reality, most modern illnesses are chronic, and they require a different kind of long-term care with adequate social supports and education of patients and families for self-care.

Medicalization has also resulted in substantial mistrust between doctor and patient, questionable research priorities, and expensive and costly controls and regulations.

DEMEDICALIZATION. The situation seems to cry for some balance and some brakes. And, in fact, there are signs that a countervailing force — a trend toward "demedicalization" — is gaining steam.

At the forefront of the new trend is the practice of self-care, which recognizes the contributions to health that come from good habits, self-help, and good nutrition.

Thousands of mutual aid groups have sprung up for disease prevention, health promotion, and care of chronic illness, such as arthritis.

Demedicalization represents a turn-away from many pervasive as technological medical care.

It is fueled by a growing belief that people have a right to privacy, a right to decide how they live and die, and a right to be independent of armies of experts who would probe and evaluate their mental competence and functional ability.

Although demedicalization is, at the moment, David versus Goliath, it represents a viable means of changing the course of health care history.

This will require that we redefine unrealistic expectations for medical care — and begin to reform unhealthy social and personal attitudes and behaviors which are outside the scope of doctors and hospitals.

It will mean, also, that we as a society begin to recognize that our health is far too precious to surrender to the control of others.

Next: Rosemary Stevens, professor of the history and sociology of science at the University of Pennsylvania, discusses "The Shaping of Our Medical System."

Joann Ellison Rodgers, M.S., has been the national medical and medical correspondent for Hearst Newspapers since 1966, serving also as a columnist since 1975. LITURGY OF THANKSGIVING FOR PEACE. Students, faculty, and staff at Southern Illinois University at Edwardsville, along with members of the community, gather at the

Religious Center to offer prayers of thanksgiving for the Americans who were held as hostages in Teheran.

Salt bill is questioned

A bill of \$1,399 for 50 bags of calcium chloride pellets was questioned by the Nameoki Town Board at its regular meeting Monday night and Highway Commissioner Frank Mehelic was asked to investigate whether the quantities of each bag justified the \$27.50 price tag on each.

The board agreed to withhold payment of the bill until Mehelic reports his findings.

The meeting was opened by Town Clerk Douglas Teator with the good news that the former Iranian hostages had returned to American soil and a prayer was offered for their rapid

adjustment to society and thanks for their safety.

It was reported that the new senior citizens' van has been received and put in operation. Persons needing transportation should call the township at 931-1230 at least 24 hours in advance of each trip to make arrangements, except in the case of emergencies. The van is available for doctor's appointments, banking, grocery shopping and other important errands by senior citizens of the township.

High insurance premium bills necessitated two transfers of appropriations. In the road and bridge fund, \$2,806 was transferred from materials to insurance and in the town fund, \$1,064 transferred from general insurance to workmen's compensation insurance.

During the past year, the township has paid approximately \$6,000 from the town fund for insurance and about \$15,000 has been spent for highway department insurance, it was noted.

Part of the rise in the highway department insurance was due to a recent workmen's compensation audit

and increases in Mehelic's payroll due to a larger number of employees.

Dave Hammers of the Nameoki Volunteer Police reported that he has been following school buses in the Miracle Manor area and has made three arrests of motorists passing buses while they were loading or unloading children. The arrests resulted in suspensions of those drivers' licenses for 30 days each, he said.

He was also commissioned second lieutenant in the U.S. Air Force through the ROTC program. The couple will leave soon to go to Laughlin Air Force Base at Del Rio, Texas, for him to start his Air Force Pilot Training Program.

PIPE WORKER SUING PLANT, CONTRACTOR. Robert Hanna is alleging he was hurt Feb. 29, 1980, when struck by a walking crane being operated by Heimkamp Excavating and Trucking Co. of Wood River at Granite City Steel.

Working as a pipefitter and welder for Strange & Coleman at the time, he seeks in excess of \$15,000 from GC Steel and in excess of \$15,000 from Heimkamp. Hanna contends he received injuries to his shoulders, back and legs while guiding a pipe carried by the crane. The crane is said to have hit a rut and caused the pipe to strike him, knocking him onto a rack.

PROMOTED. G. Basil Davies Jr., has been promoted to the newly created position of manager-product sales for the Granite City Steel Division of National Steel Corporation. He previously was marketing manager-galvanized at National's corporate headquarters in Pittsburgh.

INDIAN PATCH for Nameoki School received national recognition when it was published in the December 1980 issue of 'Instructor' magazine. The patch was designed by Mrs. Lynn McAdain, a Nameoki parent, and has been made available to students. The patch was used in an advertisement of the Badge-A-Niti Co. which manufactured it.

JOINS GC STEEL. Tom Huyer has joined the Granite City Steel Division of National Steel Corporation as assistant controller. He previously was controller of the International Harvester Agricultural Equipment Division in Dusseldorf, Germany.

JOINS AIR FORCE. Christina M. Ketcherside, daughter of Mr. and Mrs. Howard Powell, 4405 Highway 162, enlisted in the U.S. Air Force, according to Sgt. Clark E. Jarrett, Air Force representative at 3675 Nameoki Road. Upon graduation from the Air Force's six-week basic military training, she will receive training in the Mechanical Career area.

Workshop Feb. 14 for preservation groups

The Southern Illinois Metropolitan and Regional Planning Commission (SIMAPC) will hold a workshop "Fund Raising and Other Projects by South-

western Illinois Historic Preservation Groups" on Saturday, Feb. 14, from 9 a.m. to 4 p.m. at the Original Mineral Springs Hotel and Bath House in Oakville, Ill.

If a group has "items of interest" for sale or giveaway (e.g. souvenir or commemorative items, historical-genealogical research material, informational flyers on the organization), they may bring a supply along.

Tables will be available for display set-ups and there will be time enough for browsing. For advance reservations, send \$5 (covers lunch) in check payable to "SIMAPC Historic Preservation Workshop" c/o Ed Crow, Historic Preservation Planner, Southwestern Illinois Planning Commission, 203 West Main Street, Collinsville, IL 62234. For additional information, telephone Ed Crow at 344-4250.

'Y' offers new quilting class

The Tri-City Area YMCA has announced that it will offer a new quilting class beginning Feb. 5 at the Y, 2001 Edison Ave. in Granite City. Augusta Lampe will teach the Thursday morning class, which will meet from 9-11, for four consecutive weeks.

Interested persons may register at the Y, at least one week prior to the first class. The fee for Y members is \$2, plus cost of materials. The fee for non-Y members is \$5, plus materials.

Lampe asks that everyone bring cotton or polyester scraps, a scissors, needle and thread, a pencil and tape measure to the first class.

Club to attend jubilee

The Organ Pedalers Club completed plans to attend the St. Patrick's Day Jubilee in Highland, Ill., to hear Ed Scofield, a Hammond concert artist perform, during the January meeting of the organization.

Dorothy Alsop presided at the session held at 2100 Cleveland Blvd. She suggested each member perform during a meeting to overcome stage fright.

Those appointed to participate in the entertainment for February include Mrs. Alsop, Carolyn Belling, Helen Bowman and Wilma Cooper.

Mrs. Ronney gives lesson

A devotional lesson entitled "The Shepherd and His Sheep" was presented by Mrs. Naomi Ronney for the Sunshine Class of Second Baptist Church.

Mrs. Gladys Hudgens, president, opened the session with Dorothy Barnes offering prayer requests.

A report was given on the Little Moon fund and the group also agreed to prepare sunshine boxes.

The class teacher, Evelyn Smith, gave the closing meditations.

Others present were Gloria Burnett, Betty King, Margaret Newberry, Margaret Culpepper, Frances Feldman, Esther Davis, Norma Rains, and Karen Newberry.

HOW EASY IT IS TO GET A CREDIT LINE

If you're like most people, you've had your checking account at a bank where you got nothing in return for it, except a service charge.

On the other hand, you may have had your savings account at a savings and loan because you got higher interest. And you may have been using another institution for your home, car, or personal loans.

Now you can put all your financial activities under one convenient roof. Your nearby Illini Federal Savings and Loan Office.

IT PAYS TO CHECK WITH US.

After looking around, you may have discovered that many financial institutions in the area are going to pay interest on checking accounts. This may have misled you into thinking that all NOW Accounts are alike.

At Illini Federal, we offer

ILLINI FEDERAL
SAVINGS AND LOAN ASSOCIATION

5 1/4% interest compounded daily and paid monthly. But unlike some institutions, we're not trying to get the interest you earn back in service charges.

If you keep at least \$200 in your NOW Account, you can write checks on it for free. If your balance dips below \$200, the charge is an easy-to-handle three dollars a month. At Illini, there are no transaction fees, no hidden charges, and no fooling.

NOW YOUR CHECKBOOK CAN KEEP UP WITH YOU.

When you know who forgets to record a check, an emergency arises at the worst possible moment, or a once-in-a-lifetime

bargain is available when you can least afford it, you'll be glad you have Illini Federal's NOW Account Credit Reserve.

It's a special loan service that lets you borrow up to \$1,000, if you qualify. To use your credit reserve, you either overdraw your NOW Account, or arrange to borrow on it in advance.

Members met in the home of Mrs. Massman for the monthly session conducted by Mrs. Arla Ault, chairman.

The next meeting will be with Mrs. Belinda Hoffman and the program will be on German cookery. It was announced.

Mrs. Ault noted the annual achievement meeting is set for April 20 and the traveling project is now with Lucille Schaefer.

Others attending were Judy Baker, Nancy Choat, Diane Gebhardt, Martha Leavelle, Karen Nelson, Judy Propps and Gene Zinn.

Whether it's checking, savings, or loans for homes, cars, college or vacations, why go anywhere else? When Illini Federal is all you need.

NOW Accounts and new consumer loans are available after December 31, 1980.

County museum club program

Mrs. Gladys Lawson of Edwardsville was the guest speaker at a meeting of the Ladies' Club held last week in the Chimney Room of Burn's Restaurant, hosted by Mrs. C. L. Lewis.

She spoke on the exhibits at the Madison County Historical Museum at Edwardsville, located at 711 North Main St., and gave a detailed description of various pieces of furniture, clothing, books and other new additions to the museum.

Mrs. Keith Edwards, program chairman, introduced the featured speaker for the day.

The business meeting was conducted by Mrs. John Gordon, club president. Mrs. Jack Cormier led the club collect and the pledge to the flag was by Mrs. Walter K.

During the session, Mrs. Gordon gave a report of the district meeting held Jan. 21 at Oliver C. Anderson Hospital, Maryville.

The new arrival has been named Geoffrey Micah Edwards and he weighed eight pounds, three ounces. He has a 14-month old brother, Gregory.

Grandparents are Mr. and Mrs. Robert Edwards, East Alton, and Mr. and Mrs. Stanley Cruse, Granite City. The mother is the former Pamela Cruse.

CHILI SUPPER

Members of Boy Scout Troop 86, sponsored by the Maryville School PTA, are busy selling tickets for a \$2 donation to their chili supper. The event will be from 11 a.m. until 6:30 p.m. Friday, Feb. 13, in the Niedringhaus United Methodist Church, 20th Street and Delmar Avenue.

The proceeds from the event will be used to purchase new tents for the troop.

Second birthday of Angela Sanchez

Angela Sanchez celebrated her second birthday at a party given during the weekend by her parents, Mr. and Mrs. Mark Sanchez, in their home 3004 Sunny Stripes.

A "puppy dog" theme was carried out in the table decorations and refreshments.

Guests attending were Mr. and Mrs. Ed Besserman and Mrs. Dolores Mena, grandparents of the guest of honor, her brother, Adam Sanchez, and Jim Byrd, Terry Besserman, Craig, Mary and Christopher Billner, William and Doris Aichhorn and children, Billy and Scott, Elwood and Peggy Besserman and daughters, Shaun and Holly.

A family activity with the children preparing a covered dish for a pot luck dinner will be held at 6 p.m. Friday at the home of Mary McDonald, 220 Elm Ave., and a wine and cheese party is set for 8 p.m. Saturday with Mrs. McDonald as an adult social.

Discussion programs arranged for February include a "Dating and Children" subject for 7:30 p.m. Feb. 5, "How To End the Hurting" at 7:30 p.m. Feb. 12 with Sandy Ferguson, "Sex and The Single Parent" at Mrs. McDonalds at 7:30 p.m. Feb. 17.

Also "Coping on a Limited Budget" with Max Schaeffer at 7:30 p.m. Feb. 19, and a discussion set for 7:30 p.m. Feb. 26 with Mary Dykals, 2129 Delmar Place.

The general meeting and election of officers will be held at 7:30 p.m. Feb. 10 at St. John United Church of Christ, 2901 Nameoki Road.

Family activities include bowling on Feb. 8, a Valentine day craft and party on Feb. 14, a trip to the zoo on Feb. 21 and a snowman contest at Wilson Park on Feb. 28.

Adult projects will be a visit to the Troy Opry on Feb. 6, a progressive dinner on Feb. 20, installation of officers and dance on Feb. 21, and a pot luck dinner set for Feb. 28.

Weight control is unit lesson

The major lesson on Controlled Weight was presented by Sylvia Massman and Donna Warren at a meeting of the Creative Women Unit, Madison County Homemakers Extension Association.

Members met in the home of Mrs. Massman for the monthly session conducted by Mrs. Arla Ault, chairman.

The next meeting will be with Mrs. Belinda Hoffman and the program will be on German cookery. It was announced.

Mrs. Ault noted the annual achievement meeting is set for April 20 and the traveling project is now with Lucille Schaefer.

Others attending were Judy Baker, Nancy Choat, Diane Gebhardt, Martha Leavelle, Karen Nelson, Judy Propps and Gene Zinn.

DIXIE LYN PRICE

7-year old student at Parkway School, a top volunteer to enter the Multiple Sclerosis Reading Project, has completed 30 books and had 30 sponsors for a total collection of \$205 to contribute to the fund raising drive. She is the daughter of Mr. and Mrs. Harold Price, 2319 Zippel Ave.

Baptist women plan meetings

The Baptist Women's Organizations at Suburban Baptist Church met with Miss Becky Coker, last week, to plan future meetings and programs. Co-hostess was Sharon Purkey.

Opening prayer was offered by Mrs. Ursula Cook with a scripture lesson presented by Connie Lavelle and Miss Coker.

A discussion was held with each member participating on the subject of influence in a christian relationship.

A book study will be held with Miss Lavelle on Feb. 26 with Mrs. Cook serving as co-hostess. It was announced.

The March meeting will be hosted by Darlene Smith and Miss Coker will present the program.

Closing prayer was given by Mrs. Marilyn Garrett. Others attending were Georgetta Monical, JoAnn Terrell, Jean Fisher, Susan Ciovers, Mary Lou Summers and Edna Jackson.

FAMILY MOVIES AT RECREATION CENTER

Family type movies will be shown each weekend at the Nameoki Recreation Center, Franklin Avenue and Pontoon Road, under the auspices of several church groups.

The Ballad of Billy Blue will be shown on Saturday, Jan. 31, and again on Feb. 7, according to the announcement.

Advance tickets sales are available at the Word of Life Tabernacle or Old Land Mark Church.

Proverbs 10:24 "...the desire of the righteous shall be granted."

There are over eight thousand blessings mentioned in the Bible that are available to the righteous. By association with Christ we are blessed automatically. It is even said that "as many as believe on Him as Saviour, to them He gives the power to become the children of God."

What is amazing is that a great change occurs in our desires after we accept Christ. In most cases we see less desire of carnal pleasures and more desire for spiritual blessing.

To serve Him, to please Him, to surrender our will to the will of our Heavenly Father, that is the desire of the righteous. And it shall be granted.

May the desires of your heart be granted.

Today.

Club aids campaign drives

Members of the Granite City Junior Service Club participated in community campaign drives and sent a clothing donation to the Alpha Center during the month, according to an announcement by Mrs. Faith Holsinger, club president.

The president conducted the session at Nameoki United Methodist Church. She noted members had worked with arrangements for the forthcoming blood drive sponsored by the Area Council of PTA, and also assisted with mailing notices for the March of Dimes project.

Plans were finalized to host a "probie" party in March at the Spalding Racquetball Club for new

probationary members, Kathy Mitchell, Donna Lucy and Peggy Willard.

Mrs. Holsinger reviewed an executive board meeting held in the home of Mrs. Gale McFarland the week preceding the membership session.

January hostesses were Brenda Weekman, Betty Nighohossian and Donna McBride.

The homemade article was won by Linda Gordon and the evening award went to Sue Reiss.

Others present were Paula Weaver, Joyce Curran, Donna Polivick, Sarah Repp, Linda Badger, Donna Sprankle, Gale McFarland and Flora Mae Lensing.

Shower honors Mrs. Nichols

Mrs. Peter (Maureen) Nichols was guest of honor Sunday afternoon at a nursery shower given in Fellowship Hall of St. John United Church of Christ by the honoree's sister, Mrs. Cynthia Sue Riggins.

The hostess used pink and blue streamers to decorate the guest tables and paper stereotypes on the gift table.

Assisting with the social event were Heather Riggins and Shannon and Rachel Bushue, nieces of the honoree.

After Mrs. Nichols opened her gifts, a dessert luncheon was served to approximately 55 guests.

Chapter 91 plans events

February activities and programs planned for Parents Without Partners, Chapter 91, are being announced by the chapter president, Evelyn Stephens.

They include winter fishing, Feb. 7, family ice skating at Wilson Park, Feb. 8, discussion at Jim Moore, 2611 Benton St., Feb. 10, general meeting, Feb. 17 at Union Savings and Loan, Collinsville.

Also dance at Fireman's Hall, Collinsville, Feb. 21, family bowling, Feb. 22, newsletter assembly with Ella Mae Watts, 3146 Davis Ave., Feb. 24 and a social night with Linda Leady, Edwardsville on Feb. 28.

MRS. KOESTERER IS CLUB HOSTESS

Mrs. Alice Koesterer, 2840 Iowa St., was hostess to the Thursday Evening Bunco Club.

Prizes for the evening were won by Neil Robinson, a guest, Myrtle Bruns, the hostess and Grace Parmley.

After the games refreshments were served by Mrs. Koesterer to those named and to Lorine Menzies, Bea Beck, another guest and Louella Propps.

Party honors Leo Kalips

Leo Kalips III was guest of honor at a party given during the weekend by his wife, Mrs. Sandy Kalips in their home, 1911 Lynn Ave., in observance of his birthday.

Among the guests was his brother, Mike Kalips who shares the same birthday date of Jan. 24.

Others attending were Mr. and Mrs. Leo Kalips Jr., Lena and Joe, Mr. and Mrs. Robert Mink and children, Gretchen, Donna and Robert, Mr. and Mrs. Bill Varbrugh and Dennis and Billy, Mr. and Mrs. Mike Kalips, Brandy, Krista and JoJo, Mrs. Barbara Robertson, Felicia Ann and Dave, Mr. and Mrs. Ed Brandis and sons.

Mr. and Mrs. Robert Yount

Yount-Polach

Miss Judith Ann Polach, daughter of Mr. and Mrs. Charles Polach, 3401 Village Lane, became the bride of Robert Yount, son of Mr. and Mrs. Robert Yount, 468 Vine Blvd., on Nov. 29, at St. Elizabeth Roman Catholic Church.

Father Henry Schmidt and the Rev. Larry Necessary officiated at the double ring ceremony at 2 o'clock in the afternoon before an altar decorated in pink and burgundy motifs.

Mrs. Jane Kozielek presided at the organ and accompanied Kay Clay as she sang, "Sunrise, Sunset," "Wedding Song," "Ave Marie," and "We've Just Begun."

For her wedding, the bride chose a full length white chiffon over taffeta princess style gown fashioned with a fitted bodice featuring an oval neckline traced with Chantilly lace and seed pearls.

The decorative trim was repeated on the long bishop sleeves and on the hemline and chapel train.

She wore a lace Juliet cap, etched with pearls, to secure her fingertip veil of bridal illusion which was bordered with scallop lace. Her bouquet was an arrangement of silk pink roses, burgundy carnations and white baby's breath.

Miss Pamela Polach, a sister of the bride, was honor attendant. She was escorted in a long burgundy polyester princess designed dress enhanced with a Venise lace trim.

The bridesmaids, Jan Purky, Laura Buckingham

and Debbie Polach, another sister of the bride, were attired in identical style gowns in a Daphne rose hue.

Each attendant held a bouquet of silk pink and burgundy roses intermingled with white daisies.

Tracy Polach, the bride's sister, and Mike Patterson served as flower girl and ringbearer.

She wore a Daphne rose frock and carried a basket of pink and burgundy roses and white daisies.

The groom chose Richard Hongka as best man, James Goodyear and Marty Mismacher were groomsmen.

Seating the guests were John Yount and Charles Polach, brothers of the bride.

Mrs. Polach, mother of the bride, chose a formal polyester gown in romance blue designed with an oval neckline and three quarter length sleeves.

The groom's mother appeared in a apricot sleeveless polyester dress featuring V-neckline and complemented with a chiffon cape.

A reception was held at Engelbert Hall in Madison and the groom's parents hosted a rehearsal dinner at Charlie's Restaurant.

Both young people graduated from North High School. The former Miss Polach is employed at Elaine Powers and the groom is serving with the U.S. Army stationed in Colorado Springs, Colo.

They will make their home in Colorado.

Secretaries hear Sheila Morgan

The Madison Chapter of Future Secretaries held its regular January meeting at Madison High School and after a business meeting an educational program was conducted by Sheila Morgan, a representative from The Granite School of Beauty Culture.

Mrs. Morgan began her comments by saying that the appearance of the office worker today has to include the way she looks from the top of her head to the tip of her toes. She pointed out that many potential jobs are lost during the interview. She stressed the importance of proper dress, the way you sit, the way you walk, and the way you respond to the person doing the interview. It was suggested that one could use the mirror and pictures to do an evaluation of themselves and search for improvement.

She stressed very strongly that times are changing rapidly and that an accepted

style of dress five years ago would close doors for the job seeker today. She demonstrated to the members how irregularities in a person can be covered up. An example that she used was that an irregular hair line can be hidden by using the proper hair style and proper selection and use of make-up would actually draw attention away from an undesirable facial feature.

The guest speaker noted that all office workers (male and female) should be very concerned about the appearance of their hands and finger nails. She gave many interesting suggestions as to how you select your shades of make-up to match your clothes and the importance of proper rest and diets.

In attendance with Mrs. Morgan were two of her students Karyn Rogers and Sandi Voss who were used as models for the demonstrations.

A very popular part of the program was searching through the various hair style booklets that Mrs. Morgan distributed to the members.

Mormon missionary in Granite City

The Church of Jesus Christ of Latter-day Saints (The Mormons) recently called a new missionary to serve the Granite City area at 9822 Bunkum Road in Fairview Heights.

Elder Scott L. Harline of San Jose, Calif., was sent from St. Louis, to represent the church in the city of Granite City and surrounding communities along with Elder Lopini S. Wolfram of Menlo Park, Cal. who has been working in this area for two months.

Elder Harline and Elder Wolfram were called by the Prophet of the Church of Jesus Christ of Latter-day Saints, Spencer W. Kimball and ordained to serve as missionaries on a two-year mission of voluntary service.

During his two-year mission of voluntary service, they receive no financial payment from the church. They will generally go from door to door sharing a brief message about the Mormon Church and teaching those who will listen about the restored gospel of Jesus Christ. The missionaries may be contacted at 877-6322.

Brucellosis cases off

Two hundred and 15 cases of brucellosis in humans were reported to the Center for Disease Control in 1979, a decline of 36 cases from 1978. Brucellosis has shown a declining trend for the last 30 years. At present those with the highest risk are males in the meat-packing and livestock industries.

YELLOW RIBBONS are removed from a tree located in the kindergarten room at Mitchell School by members of Junior Girl Scout Troop 210, as the hostesses released this week. The scouts had placed the ribbons on the tree a year ago and will now decorate the tree for each season.

Scouts remember hostages

Jr. Troop 210 from Mitchell School rejoiced in removing the yellow ribbon from the tree they decorated a year ago. The girls tied ribbons on branches of the tree in remembrance of the hostages. The tree was donated to the kindergarten room and has had one remaining ribbon left around the trunk of the tree until this week. In its place a sign was placed reading, "Freedom 44 Thank God."

The girls have had a study of world affairs in their school studies and followed the hostage story closely. The tree remains in the kindergarten room as they decorate it from season to season.

The troop is presently working on a skit of a four seasons to present to another

troop at the school. They have drawn and colored the four seasons and decorated their own stick puppet and have also hemmed and cross-stitched their initial handkerchiefs and scarves and wore them as they led carols at the Festival of Giving.

Leaders of the troop are Lynda Kondrich, and Gail Newberry. Scouts are Connie Baugh, Stacy Churchwell, Priscilla Clements, Darla Dailey, Janet Giese, Michelle Kandel, Heather Krpan, Patricia Moore, Peggy Newberry, Melanie Paschad, Jeanne Robles, Rhonda Smith, Valery Sorce, Sherry Moss, Lori McNeely, Darla Martin, and "tag-alongs" Dale Newberry, and Stevie Kondrich.

Church chairmen appointed

Ladies in Action of Briarcliff Pentecostal Church reviewed the organization's by-laws and appointed new committee chairmen to serve for the ensuing year.

Opening prayer was given by Omie Farless. Members discussed continuing the once a month visit to the Mill Haven Nursing Home in Millstadt, Ill., and agreed to have Dorothy Dickerson in charge of all arrangements for the visits.

Those named to committees were Approval-Phyllis Allen, Bonnie Davis and Dorothy Dickerson; funeral dinner-Wanda Watson and Opal Orrell, ways and means-Doris Glasgow and Mary Buday, nominating-Omie Farless, Bertha Dix and Norma Tolbert, nursing home-Mrs. Dickerson, home visits, Mrs. Glasgow.

A new list of hostesses for the year will be included in the year books. It was noted.

Mrs. Allen reported the new cookbooks prepared by the group will be ready for selling in March.

Dorothy Lakin requested the women from the Salvation Army be invited to the church meeting with a return visit by the host group.

Plans to operate a clothing center at the church of needy children were announced by Mrs. Glasgow.

Devotions were presented by Mrs. Allen and a "Prophecy Poem" first published in 1488 and later in

1641, was read by Mrs. Lakin.

After the meeting a white elephant auction was conducted by Mrs. Lakin, followed by refreshments served by Mrs. Allen and Mrs. Watson. Mrs. Orrell won the evening prize.

Others attending were Marge Glasgow, Bonnie Davis, Jean Francis, Joann Buday, Lillian Barton, Dorothy Smith, Tiny Cook and a guest, Eva Gollas.

Hazel Towery entertains

Miss Hazel Towery entertained the Bay View Reading Club, last week in her home, featuring a review of the book "Portraits" by Mrs. Lawrence McCauley.

Mrs. Dale Rea introduced the author of the book is Cynthia Freeman and the story is a three generation saga of an immigrant family.

Mrs. Arthur Bunte, club president, announced Mrs. Helen Krumsiek will serve as hostess for the next meeting at St. Peter church parlors.

Crime in city rises

By GARY SCHNEIDER
of the Press-Record

Perhaps due in part to the frustrations of Iran's hostages, the decline of the American economy, inflation and the loss of local jobs, crime in Granite City rose last year, particularly crimes of violence.

Statistics released in the 1980 annual report of the Granite City Police Department, show that overall, there was a three percent climb in the number of serious offenses in the city during the year, when compared to 1979. However, murder rose 66 percent and assault cases went up 45 percent, according to the report.

There were five murders in the city in 1980, all cleared by arrest. This compares to three murders and two arrests during 1979, according to the annual comparisons.

Assault cases climbed from 312 during 1979 to 324 last year, a 45 percent increase. Also showing increases were burglary,

up nine percent from 519 to 570, and larceny, up fractionally, from 1,035 to 1,038 cases.

Showing decreases, however, were rape, down 12 percent from eight cases in 1979 to seven last year; robbery, down seven percent from 27 to 25; auto thefts, down 34 percent, from 185 to 121 cases last year, and auto burglary, down one percent, from 386 cases to 382.

Arrests for major crimes rose 14 percent during 1980 over the previous year, as 875 persons were charged in major cases, up from 768 in 1979. The number of cases cleared by arrest during the year also rose, from 1,945 to 1,989.

The good news was that the 55 mph speed limit continued decreasing traffic fatalities.

Its shape stands for the word "Mohamet" in Arabian characters and is built in the form of an "M". In this area, 97 percent of the people live on the European side and daily use huge suspension bridges which connect Europe and Asia.

Arriving in Varna, a city of 250,000 persons, the Stoevers encountered the delays which were to plague them at every port throughout this area. Each person was scrutinized carefully against his passport picture, despite the fact that they all had the necessary visas.

Turkish police controlled Varna for about 500 years, before finally being defeated in 1866 by the Russians. This gave Russia access to the Black Sea and the Mediterranean. In 1944, after only one week of war, Bulgaria joined the communist cause.

Roman arches and the remains of Roman baths, from the first century of the city's existence, still are on the tourist's path. Over 50 percent of the Bulgarian people are farm workers. Even the name of the country "Bulgar" means cultivator.

The Stoevers visited the area of the Golden Sands history International Hotel on the "Riviera of Eastern Europe," including a very unusual monument dedicated "To the Glorious Dead" which was erected for those who died in the struggle against capitalism and fascism.

As the trip was made near May Day, each village and city was decorated with red banners and large pictures of the Russian rulers.

Moving on to Odessa, the couple found an extremely busy international port for both freight and passenger ships. It is well known as an industrial city and a health resort with medicinal baths. Odessa features a "walking street" and seems to be surrounded by mountains.

The Potemkin Staircase, 192 steps, is a symbol of the city's revolutionary heritage. It was not for those less artistically inclined, there is an escalator to the left of the staircase.

The steps received their name in 1805 when sailors from the warship Potemkin revolted against the czar and many persons descending the staircase were massacred by the czar's soldiers.

The Premorsky Boulevard, lined with chestnut trees, makes it possible to walk from one end of the city to the other without leaving the shade of these beautiful trees, the Stoevers noted.

The Opera House in Odessa is believed to be the city's residents, to be the nation's most beautiful building. The ceilings inside are decorated with frescos depicting scenes from four of Shakespeare's plays.

Only a night away is Yalta known as the "Gem of the Crimea," which appears to be built like an amphitheater in the encircling arms of the mountains. Its population is about 45,000.

The May Day decorations, generally red, were greatly in evidence here. Yalta has many palatial homes, former residences of the Russian nobility, which have been turned into vacation homes for the working people.

Three thousand, four hundred and nine persons were charged with traffic offenses in Granite City last year, a four percent decline from the 3,596 charged in 1979. Arrests for non-traffic offenses totaled 1,649 last year, an 11 percent drop from the 1,849 arrests in that category in the previous year.

With more than one charge filed against some of those arrested, a total of 5,958 charges were filed by the Granite City police against offenders in 1980, a four percent drop from the 6,234 charges police filed in 1979.

The number of complaints police answered declined from 23,373 in 1979 to 21,099 last year, according to the report.

Winter heating applications being taken

Namek Township is now accepting additional applications from low-income persons who feel they qualify for assistance in paying their winter heating bills through a grant from the Economic Opportunities Commission.

Earlier this month, the township received 100 applications and filled all of them out in one day for area residents. This time, only applications from Namek Township residents will be accepted, according to Supervisor Harold Davis.

Additional details may be obtained by calling the township at 331-1250.

Lion Governor in Madison

Lion District I-G Governor James H. Fenton will officially visit the Madison Lions Club tonight.

The meeting will begin with dinner at 7 p.m. in the new Madison Lions Home, 910 Madison Ave.

The various club chairmen will give their reports and new members are scheduled to be inducted.

The Lion governor must visit every club in the district during his term in office.

He meets with the club officers and offers program suggestions.

William Gushleff is president of the Madison Lions Club.

Gospel Mission service tonight

A special service is planned tonight at 7 o'clock at the Gospel Mission, 2014 E. 20th St., featuring the Rev. L. S. Bassos as guest speaker.

The public is invited to attend. Mrs. Bethel J. Davis, mission superintendent, advised.

The guest minister is a noted evangelist and speaker from the Collinsville area. Music during the program will be provided by Miss Vicki Hayes, a soloist from Tri-City Park Tabernacle.

A "friendship hour" with refreshments being served will follow the service, Mrs. Davis said.

Dr. George A. Rosenthal will be guest speaker at Sunday's 7 p.m. service. Sunday school starts at 9 a.m.

The Gospel Mission is non-denominational and has been located in the community the past 62 years. The congregation observed its 62nd anniversary program in November.

Rites today for Webster Harris

Rites were held at 10 a.m. today, Jan. 29, at Bob Thomas Memorial Mortuary, for Webster M. Harris, 68, of 1731 Sycamore Ave., with burial in Sunset Hill Cemetery, Edwardsville Township.

He died at 6:30 p.m. Saturday, Jan. 24, at home.

Survivors include his wife, Mrs. Margaret Harris, a daughter, Mrs. James (Renee) Kaiser, Hawaii; two sisters, Mrs. Lorraine Madden, Jolla, Mo., and Mrs. Henrietta Sample, St. Louis; and two grandchildren.

STUDENT ARRESTED
A 15-year-old boy attending Granite City High School South was arrested there at 8:45 a.m. Wednesday for possession of cannabis. He was released to his mother's custody two hours later. The suspect said he had purchased a marijuana cigarette from another student for \$1.

The course provided technical training in the operation and maintenance of the electronic equipment used by the Coast Guard in automated lighthouses, and about the large navigational buoys along the coast. Subjects covered included the fundamentals of digital logic, care and maintenance of automation equipment, and the use of transmitters and monitors.

A 1978 graduate of Granite City North, Tengel joined the Coast Guard in September 1978.

FREEZER LOOTED

Thirty pounds of meat, including pork steaks, bacon, chicken and ham, were stolen along with two dozen eggs Wednesday from the refrigerator freezer at the apartment of Patricia Caldwell, 1401 Kirkpatrick Homes.

Record volume in December for bank/card business

Despite a disappointing 1980, bank card business in the trade area which includes metropolitan St. Louis rebounded with a strong Christmas season to finish the year on a positive note, it was announced Wednesday.

December's dollar volume for Mastercard and Visa was the highest month in the area's history, rising 11 percent over December 1979 to \$235,133,000.

The number of individual transactions — retail sales and bank cash advances — increased by less than one percent, however, to 6,455,000.

The volume growth was reported by Credit Systems Incorporated, the operating center for Mastercard and Visa in the five-state area of Missouri, Kansas, Illinois, Iowa and western Kentucky. "We are very optimistic about the coming year," said CSI President John G. Regan, "even though our 1980 activity was seriously hampered by the soft economy and government credit controls."

The number of combined Mastercard and Visa transactions for all of 1980 decreased by ten percent to 53,888,000, and dollar volume slipped less than one percent to \$1,812,678,000.

It was the first time in the 12-year history of bank card service in the Midwest that there was no growth over the previous year.

Mastercard accounted for 69 percent of the transaction volume and Visa 31 percent. Over 67,000 merchant outlets from the two national bank cards in the five-state area.

ARRESTED AT HOME

Norman E. Alexander, 45, of 2637 State St. was jailed at 3:30 a.m. Wednesday on an assault charge after allegedly threatening a relative at that address.

Local man supporting 'Thumbs Up America'

"Thumbs Up America" That is the symbol and phrase which Fred McCollegan of Granite City is encouraging all Americans to use to keep alive the present spirit of patriotism, caused by the release of the former Iranian hostages.

McCollegan has copyrighted a symbol of a hand, thumb raised, with a ribbon around the wrist declaring, "Thumbs up America," and he is encouraging all Americans to raise a thumb when waving at friends.

Tee-shirts, banners and other items are being made featuring the thumbs up symbol in patriotic colors. "I got the idea while watching President Ronald Reagan at his inauguration. I used the thumbs up gesture several times and I thought, 'What a great way to keep patriotism going,' so I came up with this idea," McCollegan said.

He first had his father, Fred J. McCollegan, draw a rough draft of a hand with thumb raised for the symbol. The rough draft was taken to local artist Gene Assai, who made several changes and prepared a second rough draft.

Fred McCollegan then copyrighted the symbol Assai prepared for him and took it to George's T-Shirts in St. Louis for manufacture of the first sample tee-shirts and banners. "The artist it was assigned to told me he had just returned from Washington and the patriotic feeling there was tremendous. The people shown on television in the street's celebration was not even a small fraction of the number of people actually jamming the streets," McCollegan said.

"He (the artist) told me he was putting everything on his desk aside and working on this, because it was such a great idea," McCollegan added.

Fast work is what he got. The hostages landed on Ancon soil Sunday and by Tuesday, McCollegan, his family and many of his friends were proudly wearing the tee-shirt bearing the thumbs up symbol.

Charles Vollman of Vollman Sign Co. agreed Tuesday morning to bring a "Welcome Home Hostages" sign to Granite City. The sign had been prepared by his firm last summer in expectation of the hostages release and it was erected at 11 a.m. Tuesday in the 2200 block of Madison Avenue.

"The sign was designed to move around from community to community, and that is what we intend to do with it. It will be here a short time and then will move elsewhere," Vollman said.

McCollegan's patriotism still could not be settled, as idea after idea came to his mind and immediate actions were taken to make each become a reality. A rally is being organized and McCollegan is attempting to pass his thumbs up symbol to firms which can spread it across the country.

"I'm not in this for the money. I just want to keep patriotism going and I think we need a symbol like this," he stated.

"Soon, I hope to see lapel pins, ball caps, bumper stickers, tie tacks and billboards bearing the symbol and I really hope to see people greeting each other with their thumbs up. 'And it all started here in Granite City. Thumbs up America,' he concluded.

Percy wants feds to share health services

Senator Charles H. Percy (R-Ill.) has reintroduced legislation that would encourage government agencies to cut costs by sharing medical facilities and personnel.

"This will promote efficiency in the delivery of billions of dollars worth of direct medical care to federal beneficiaries, thus saving millions of dollars while actually improving the quality of health care," Percy said.

The bill — the Federal Interagency Medical Resources Sharing and Coordination Act — would eliminate legal and administrative barriers to health-care sharing by federal agencies, also would create incentives for sharing and would encourage agencies to assess opportunities for sharing and to implement them quickly.

Woman struck, robbed of purse

Elizabeth Anderson, 2601 Cayuga St., was robbed of her purse and of cash and valuables worth a total of \$200 when she returned to her home at 11:20 p.m. Thursday.

As she parked her auto in a carport at the rear of the residence, she noticed a youth crouching near a storage area from which a barrier had been removed.

When she opened the car door and called to him, he crossed the hood of the vehicle, struck her, knocking her to the ground, stepped on her to enter the auto, took the purse from the car seat, stepped on her again to leave the vehicle, and then leaped over a fence and fled.

He was 5-8 in height, weighed about 175 pounds and was about 18 to 20 years old and had clothing which included a dark plaid jacket. His dark blond shoulder-length hair was dirty and stringy.

English version of opera slated

Italian operas can be difficult to understand, but Paul Gaston, an associate professor of English language and literature at SIUE, is helping to change this.

Gaston translated "La Serva Padrona" ("The Maid as Mistress") into English, which he thinks will make it a more popular and entertaining opera.

The performances, with the roles played by members of the SIUE faculty, are scheduled in this area in January and February. A fourth performance will be presented in Jacksonville.

Dan Vizer of Granite City, a music major at the university, is pianist for the opera.

Translating the lyrics of the opera was Gaston's most difficult task. "The trick is finding the right words people can sing without taking away the meaning of the original text," he explained.

The story of the opera involves a serving girl who tricks her master into an offer of marriage with the aid of another conniving servant who happens to be mute. The master, Dr. Pandolfo, is played by Leonard Van Camp, professor of music. The maid, Zebina, is portrayed by Sarah Turner, an associate professor of music, and the mute, Scapin, is played by Gaston.

Aleine Wiltz, professor of theater and dance, will stage the opera and Robert Schieber, associate professor of music, will conduct the University Symphony Orchestra.

The opera will be presented on the following dates: —Jan. 30 at 9:45 a.m., Parkway West High School, St. Louis, and 1 p.m. at Altheim High School, Belleville.

—Feb. 3 at 8 p.m., Macmurray College, Jacksonville.

—Feb. 8 at 3:30 p.m., Communications Building theater at SIUE.

All the presentations are free of charge and open to the public.

Expect a classic when Trojans, Tigers tangle

Top small school takes on GEC power

By PETE HAYES
Sports Editor
of the Press-Record
GRANITE CITY — You can expect a classic game Saturday night in Edwardsville High's gym when the Madison Trojans take on the Edwardsville Tigers.

Madison, ranked first in the Press-Record Class A Coaches' Poll and second in the state-wide Associated Press poll, will do battle with an Edwardsville squad that is on a roll. The Tigers, ranked third in the Press Record Class AA poll, had already established themselves as one of the top large

school teams in the area before traveling south to the Benton Invitational Tournament last week. But with their showing at Benton against some top-notch competition in a grueling five-game round robin affair, they proved it.

In games Friday, Venice visits East St. Louis Lincoln, Madison is at Granite City North, and Granite City South is at Alton. Other Saturday games include Mascoutah at Granite South. Edwardsville (16-3) won all five games at Benton, including victories over Cairo, Pinckneyville and

best season since 1968-69 and could be a threat to advance to the Class AA Super-Sectional at Carbondale. It would, however, have to beat out East St. Louis Lincoln, East St. Louis Senior and a host of other area schools to get that far. The Tigers' attentions right now, however, are turned to Madison and Belleville East. They have to play a non-conference game at home Friday against the Lancers and could get stung if they're

looking past them toward to Trojans. Madison appears headed for another date with Lawrenceville in the Class A Super-Sectional in Charleston next month. Of course, a lot of water will have to pass under the bridge between now and then, but it'd take a miracle or an act of Congress to keep the Trojans from sweeping through the Columbia Regional and Vandalia Sectional.

loss too lightly. It remembers and will be loaded for bear when the Trojans come calling.

West. Last Saturday, they captured third place in the area Friday when it visits Lincoln of East St. Louis. The Red Devils are 7-9, while Lincoln is 14-2, with both losses coming to Chicago-based schools.

Venice will go up against the top-ranked team in the area Friday when it visits Lincoln of East St. Louis. The Red Devils are 7-9, while Lincoln is 14-2, with both losses coming to Chicago-based schools.

All games will start at approximately 8 p.m., following junior varsity games which will start at 6:30.

Madison cruises to win over Northwest

By TOM SCHOCKER
of the Press-Record
MADISON — After 14 straight wins, Madison head coach Larry Graham was generally concerned about his team's contest with the Northwest Blue Devils of St. Louis here Tuesday. And why should he be worried? Northwest made it to the Missouri state basketball quarterfinals in 1980 and played Madison tough during the year. Besides, the Trojans were going into the game without their two star performers, Pat Hatter and Kerwin Stanley. But, what more can Graham have asked for as Madison trounced Northwest 96-58.

The Trojans have been riding pretty high the last two weeks with wins in excess of 25 or more points. However, against the Blue Devils, Madison would have to do without the services of Hatter and Stanley for what Graham called "school disciplinary reasons." It made Graham cringe just a little.

"I was worried about the game," said Graham. "I expected the game to be a lot harder." So, he replaced his key performers and the Trojans went about their business as if nothing was wrong. In fact, the pair wasn't even missed.

All it took was Madison's patented swarming zone press and Morris Hughes. It was a perfect combination. The press got the ball for the Trojans and Hughes got the points. It was obvious Hughes was fired up for the game. "You just had to look at the scoreboard, where the in-

South girls romp

GRANITE CITY — It was all in preparation. Granite City South girls basketball head coach Gary Morgan was just trying out something new against the Cahokia Comanches here Tuesday. He was hoping he could prepare for his Warriors' eventual matchup with powerhouse Belleville West.

Throwing a press on the Comanches, South cut down Cahokia's scoring power and increased its season record to 5-0 with a 70-41 victory. The Warriors had worked a lot on a full court press in practice, but according to Morgan, they hadn't used it in a game yet. "I'm trying to peak them for end," said Morgan. "We have a tough road ahead of us next week and I wanted to try the press now in preparation for that and then against West in two weeks."

It may have been beginners luck, but for the first time, the Warriors worked their full court defense to near perfection. "I didn't think they (Cahokia) would be that easy of team to beat," said Morgan. "This is the second time we have played them and our initial meeting we only won 41-33. I didn't want to rub it in, but the press worked real well and I wanted to practice it."

The pressuring defense allowed Terri Schuler to put her hounding efforts to work. She picked off five passes and dished out four assists, while garnishing 18 points. "I think Terri (Schuler) played her best game since I've seen her," said Morgan. "She even sat out quite a bit in the third quarter."

Nita Graham joined the show as she led the Warriors

Ohlendorf, Steelers suffer yet another loss

By PETE HAYES
Sports Editor
of the Press-Record
GRANITE CITY — Granite City basketball coach Dave Shanahan sat next to Bill Ohlendorf before his team's game at Granite City

North. They exchanged harmless chit-chat. Shanahan joked. But Ohlendorf didn't. He hasn't had much to laugh about this season. Tuesday's game was no exception.

Ohlendorf's North Steelers lost for the 16th time in as many games this season to O'Fallon 78-52. "Can you believe this?" said Shanahan, the veteran coach who held the reigns for many years at Belleville West and Belleville Area College. "I

thought we'd be the ones who were flat and they'd sneak up and beat us." Ah, but it was not to be. O'Fallon, coming off winning the championship of the Sparta Mid-Winter Classic last week, was probably glad it was playing the Steelers. In a word, the Panthers WERE flat early. But it didn't hurt them.

North took advantage in the early going and held a 4-0 lead. But two straight turnovers and O'Fallon baskets made it 5-4.

But the turning point came about a minute later. With 4:09 remaining and North leading 7-6, Shanahan complained too loudly about an out-of-bounds call. Referee Otto Daech hit him with a technical foul. But Steeler Kendall Whittington missed both free throws and North failed make a basket after getting the ball out of bounds. O'Fallon took the rebound down the floor and scored. Instead of being ahead 11-6, North was behind 8-7.

It's said to say the turning point was early in the game," said Ohlendorf. "But it was. After that, we weren't in it."

"We get down on ourselves," he said. "We look up at the scoreboard and say, 'We've been here before,' and that's it. When we missed the T's, we thought, 'Here we go again.'"

O'Fallon didn't exactly burn the nets up in the first quarter. The Panthers held an 18-11 lead at the end of the

GOING UP? Madison's George Wallace (14) goes up for the ball Tuesday night with a Northwest player. Madison had little trouble with Northwest, and cruised to an easy victory over the Missouri school which advanced to the Missouri State Semifinals last season. Madison raised its record to 16-1 with the win.

Lincoln tops girls' poll

GRANITE CITY — Surprise, surprise. They're isn't one in this week's Press-Record Girls' Basketball Poll, the first ever. Defending Class AA state champion East St. Louis Lincoln is a unanimous choice for the top spot in the poll, which combines both Class A and Class AA teams.

Belleville West was a near-unanimous choice for the second spot, with Granite City South, this week's third place team, getting one vote for second.

Madison was the only Class A team ranked in the top ten by the coaches. East St. Louis Senior finished just out of the running with 14 points.

Coaches voting in the girls poll are Gary Morgan of

GRANITE CITY — The battle continues and the Madison Trojans keep winning. A 38 point victory over a usually strong Northwest team of St. Louis Tuesday, extended Madison's dominating edge to 14 games in a row. Devils 125, Eagles 62

Venice puts on clinic; annihilates St. Henry

Special to the Press-Record
BELLEVILLE — The rumble you heard coming from the south Tuesday night was the Venice basketball team exploding for an easy 125-62 romp over Belleville St. Henry.

"I kind of hate these games," said Venice coach Ken Perkins. "But it does give you a chance to work on some things you normally wouldn't have a chance to in a game situation."

Like layups. Venice, ranked ninth in the Press-Record poll, got behind the St. Henry "defense" for numerous uncontested layups. Venice was able to do just about everything it wanted to the Eagles.

"I know this sounds crazy," said Perkins. "But St. Henry's not that bad a team. I'm not going to say they play any defense. But with the ball, they're not bad. They've got a couple of kids who can shoot."

The point margin would

have been worse had not Perkins inserted substitutes into the game in the second half. St. Henry scored 24 of its points in the fourth quarter against Venice's freshmen.

"We got a chance to get everybody in the game," Perkins said. "That's good. Everybody who played played well."

The 7-9 Devils got off to a fast start and never looked back. They led 33-14 at the end of the first quarter and 62-22 at halftime. Venice could have been held scoreless the entire second half and still won the game. But it wasn't. Showing good scoring balance, the Devils outscored St. Henry 22-10 in the third quarter for a 90-30 lead going into the fourth quarter.

Were the Devils running the score up on St. Henry's Eagles? "I don't do that," said Perkins. "But I can't tell a sub who gets in the game not to shoot the ball. He's worked hard too and

deserves to play the way he's practiced to."

Venice was led in scoring by Kenneth Walker. The 6-3 junior scored 25 points. Archie Gardner poured in 18. Williams Watts had 16, Ken Wise and Raynard Barbee each had 13 and Harold Milton had 12.

It was Gardner and Watts who put on a two-man ball handling show for the Eagles. Behind the back, between the legs — you name it, they did it. And it all worked. "It wasn't all that much show-boating," said Perkins. "All the plays were good and ended with us scoring."

John Jerkowski scored 22 points to lead St. Henry, which saw its record dip to 2-15.

Venice's next game won't be quite so easy. The Red Devils travel to East St. Louis Friday night to face the powerful Lincoln High Tigers, currently ranked first in the Press-Record Class AA Coaches' Poll and

ranked fifth in the state-wide Associated Press Poll.

"Oh sure," laughed Perkins sarcastically. "We'll do this against Lincoln too."

"A game like this could do us some good before playing Lincoln. It got us loose."

How did the Red Devils manage to schedule a game with Lincoln immediately after one with St. Henry? "I doubt if I realized at the time it would work out this way," said Perkins.

Next Tuesday, the Red Devils will play host to an improved Waterloo Gibault team. Next Friday, Venice will travel to O'Fallon (Mo.) Tech.

Edwardsville comes back to edge North

By PETE HAYES
Sports Editor
of the Press-Record
EDWARDSVILLE — It just wasn't in the cards. The Granite City North girls basketball team fell to 0-6 here Monday night in a Gateway East Conference game with Edwardsville. But not without a fight. The Steelerettes came close, but not close enough, falling 60-50.

North started the game with a vengeance. It blew out to an early 26-6 lead, but allowed the Tigers to get back into it and eventually

take charge in the fourth quarter. "Turnovers killed us," said North coach Harry Cook. "We had them down, but couldn't hold them. We just didn't know how to hold a lead."

The game was ALMOST a complete reversal from the first meeting of the season between the two teams, which Edwardsville won easily.

Edwardsville was paced by the one-two punch of Amy Armstrong and Tris Schoenleber, who each scored 20 points. Schoenleber scored eight of

her points down the stretch in the fourth quarter as her team began to take charge of the game.

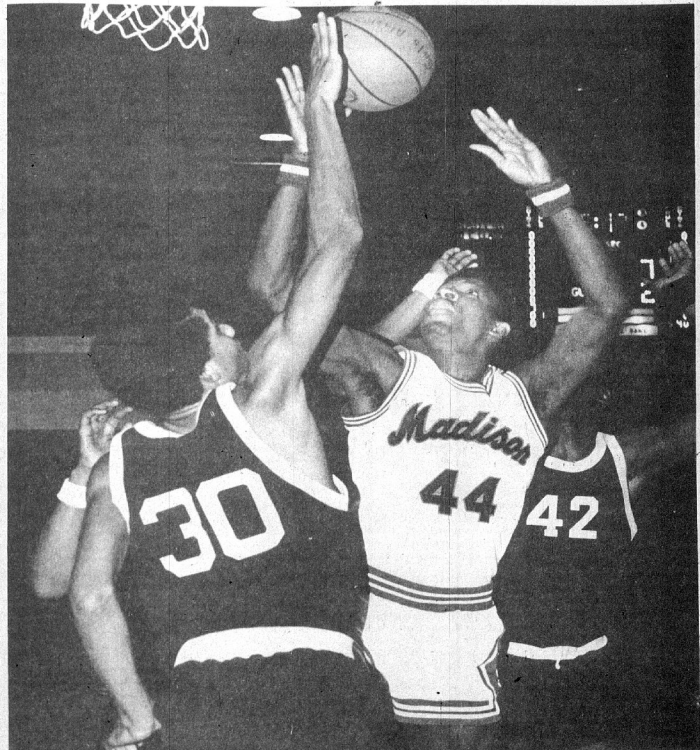

"We're improving," said Cook. "Next year, we'll be up there. We're still awful young. But we have been blown out by anybody. We played (Granite City) South to a nine-point game. Look what we did here. We haven't been embarrassed."

The game was won by Edwardsville at the free throw line. The Tigers made good on 12 free throws, while North made only four. Edwardsville also had one

more (24-23) field goals than the Steelerettes did.

"They (North) shot better than we did from the field," said Edwardsville coach Sharon Petty. "But we had the better of it from the free throw line." The Tigers made five of eight free throws in the second quarter and five of seven in the fourth quarter.

The Steelerettes held an eight-point halftime lead, but by the end of the third quarter, the score was tied. Edwardsville outscored North 17-9 in that third period to tie things up.

MORRIS HUGHES of Madison (44) goes up for a shot, but has it deflected by a Northwest player Tuesday in Madison during the Trojans'

easy victory. The win raised Madison's record to 16-1 on the season, going into this weekend's games at Granite City North and Edwardsville.

Wrestling club forming

GRANITE CITY — The new Granite City Wrestling Club will hold an organizational meeting Monday, Feb. 2 in the Prather Junior High music room at 4:30 p.m.

The wrestling club is for Quad Cities boys in grades 3 through 8. Members will be taught fundamentals and will practice three days a week. Eventually, wrestling matches with other clubs will be held. Some of the area cities with wrestling clubs are Belleville, Wood River, Bethalto and Edwardsville.

Members of junior high school wrestling teams will also be eligible for the wrestling club.

Those interested, including boys attending parochial schools, may get further information by calling Gene Petty at 877-8569.

A special appeal is being made for adults to help with the local program.

Cougars fall to Millikin

DECATUR — The Southern Illinois University Edwardsville basketball Cougars lost to Millikin University here Wednesday night 66-59.
 The Big Blue of Millikin led the Cougars throughout most of the game, although the score was always close.
 The key to shutting down the Cougars is to shut down Ted Smith and the Big Blue did exactly that, holding the high-scoring Cougar to just four points. Scott Kabbes of SIUE was held to nine points. Standout freshman Henry Fulton returned to the lineup for SIUE following a two-game layoff with an injury and scored 18 points. Randall Jones, a native of Madison, scored 13 points for the Cougars.

Millikin was led in scoring by 6-5 forward Wayne Dunnen, a sophomore from Decatur Lakeview. He scored 24 points.
 The loss dropped SIUE to 8-12, while Millikin, the fifth-ranked team in the NAIA, is 11-6.

ISU track team will face its stiffest test

NORMAL — Illinois State University's men's track and field team will be in for its stiffest test of the young indoor season at 6:30 p.m. Saturday when it entertains Southern Illinois University in Horton Field House.

The meet originally was scheduled for Friday.
 SIU, defending Missouri Valley Conference champion, boasts two outstanding individuals in senior hurdler David Lee and junior distance runner Karsten Schultz.

Lee, an All-American last year, was the NCAA and MVC champion in the intermediate hurdles, as well as a United States Olympic team member.
 Schultz, who was the No. 1 runner for SIU's nationally-ranked cross country team last season, is a four-minute miler.

Warriors top poll

GRANITE CITY — As long as the Granite City South wrestling team keeps on winning, the board of coaches on the Granite City Press Record Prep Wrestling Poll will continue to pick the Warriors as the best area team. And South is definitely holding up its end.

With two squad members absent from the line-up over the weekend, the Warriors still had little trouble making ends meet as they walked all over four more teams. Posting a 14-1 mark, South remained aloft the P-R Poll for yet another week collecting all five first votes. Unless something major develops before the wrestling regular season is completed, the poll will stand as you have seen it for

the last three weeks.
 Although placing third in the Quincy Round-Robin Invitational Tournament, the Granite City North Steelers didn't lose any grace among the coaches, but they didn't gain any, either. The Steelers as well as the Roxana Shells kept their respective spots of second and third.

The Shells still placed a solid third even though they were sacked by the Warriors, 40-16, Saturday. Belleville East continues to pull in extra votes as it came up with fine third place showing in the Hazelwood East Tournament in St. Louis over the weekend. The Lancers moved into fifth, only six points behind fourth place East St. Louis. East

"They are strong across the board," said ISU track coach John Coughlan. "Southern doesn't have a weak area at all, even for event. They will be vying for the MVC championship again."

The MVC indoor championship meet is Feb. 28 and March 1 at Horton Field House.

Last year, ISU split with the Salukis, winning the Illinois Intercollegiate indoor meet. "They are tough, and, in all honesty, I can say they are superb," said Coughlan, who pointed out that SIU has been among the top 10 track and field teams in the country over the past seven years "more than a couple of times."
 "It will be a good test for

us," said Coughlan. "It will show how we stack up against them for the Missouri Valley championships."
 Last week, ISU, along with the University of Wisconsin and Iowa State, dominated the 12-team Wisconsin Invitational at Madison, Wis. No team scores were kept.

Sophomores Scott MacDougall of Kitchener, British Columbia, and Madison remained undefeated after three meets in the 600-yard run and 300-yard dash, respectively.
 The one-mile relay team of Davenport, junior, Jim Wooley of Kitchener, British Columbia, freshman Terry Menefee of Largo, Fla., and freshman Jerry Monix of West The Maroons dropped to sixth with 24 points.

O'Fallon tails off in eighth, followed by Edwardsville and Civic Memorial.

THREE HANDS, Granite City North's Terry Martin (52), Harold Rody and Mike Sullivan (33) go for the ball Tuesday against O'Fallon.

National Steel's earnings lower; start continuous slab casting next month

National Steel Corp. on Monday reported fourth quarter net income of \$15.3 million, or 82 cents per share, compared with \$21.3 million, or \$1.11 per share, earned in the fourth quarter of 1979.

In 1980, National Steel earned \$83.8 million, or \$4.42 per share, vs. the year earlier \$126.5 million, or \$6.56 per share.

Net income for the fourth quarter is after a \$14.7 million pre-tax provision for the contemplated shutdown of a fabricating plant at Terre Haute, Ind. This was offset by a liquidation of LIFO (last in, first out) inventories which increased pre-tax income by \$17.7 million.

The write-offs of three raw materials facilities earlier in the year and the fabricating plant reduced net income in 1980 by \$29 million.

LIFO inventory liquidations increased net income in 1980 by \$8 million.

Reflected in the 1980 results is a net gain of \$81.5 million from the sale of excess steam coal reserves in the first quarter.

Fourth quarter sales and other income were \$1 billion in both 1980 and 1979.

For the year, 1980 sales and other income totaled \$3.9 billion, eight percent below 1979's \$4.3 billion.

Primary steel production in the fourth quarter totaled 2.1 million tons, seven percent below the 2.3 million tons in the comparable 1979 quarter. In 1980, primary steel production totaled 7.6 million tons, 29 percent below the 10.7 million tons produced in 1979.

Steel shipments in the fourth quarter totaled 1.9 million tons, four percent above the 1.8 million tons shipped in the same 1979 quarter. In 1980, steel shipments totaled 6.6 million tons, 20 percent below the 8.3 million tons shipped in 1979.

The corporation reported that its National Steel Products Co. fabricating plant for pre-engineered building components at Terre Haute has become uneconomical to operate. It is presently contemplated that operations will be phased out gradually during 1981 as production there is shifted to NSPC's more efficient plants at Taylorville, Ill., Houston, Texas, and LaGrange, Ga.

Modern facilities and excess capacity at these three plants will permit NSPC to improve its service to builders as well as its product quality for the growing, pre-engineered

buildings market, it was related.

Fourth quarter results reflect a rebound in demand for steel from the unprecedentedly low third quarter. They also show the benefits of stringent cost-reduction programs and continued good performance by the aluminum and financial services subsidiaries," said Howard M. Love, president and chief executive officer.

However, inadequate prices for steel products continued to squeeze profit margins.

"The disappointing overall 1980 results reflect the impact of sharply lower demand for sheet steel products in the wake of the recession, continuing inventory and inadequate prices in the marketplace.

Protest ballot filing

The Rev. John Henry Williams, a candidate for a five-year term on the Venice Park Board, has protested procedures used by the board in determining the election to be held in the April 7 election.

After the close of the filing period Monday, Williams issued this statement:

I, Rev. John Henry Williams, a candidate for the Venice Park commissioner for the five-year term, wish to express my concerns on the filing procedure by the Venice Park Board secretary.

Specifically at 8 a.m. Monday, Jan. 19, legal filing date, I, John Williams filed my petition with the Venice Park Board secretary. And seeing that no other candidate was present at that time, I assumed that I was the first person that had legally filed my petition and therefore entitling me to be placed first on the official ballot. On the April 7 election.

However, I was informed by the Venice Park Board secretary on Friday, Jan. 23, that there must be a lottery in order to determine who will be placed on the ballot first. The procedure went on to explain to me that the other candidate had to go out of town and therefore left the petition with her prior to the filing date of Jan. 19.

The secretary said simultaneous we all filed at the same time. Upon listening to her tell me this, I was bewildered, surprised, shocked, and in disbelief at

"National Steel is entering 1981 in a much leaner position, with seven of ten blast furnaces operating and steel inventories reduced by 30 percent."

It also will enjoy the benefits of cost-reduction programs and a better balance between steel operations and demand.

"Capital expenditures for 1981 have been trimmed to slightly more than \$200 million. Half of these expenditures will be for mandated environmental controls, and the balance for replacing blast furnaces, rebuilding coke ovens and maintaining equipment," Love said.

"The outlook for the first quarter of 1981 is encouraging. Steel orders are down but the same period last year."

"Demand from a broad base of markets has carried over from the fourth quarter to the first quarter, although automotive demand remains depressed."

The outlook for the balance of 1981 will depend, to a large degree, on the economic policies pursued by the new administration in Washington and its ability to quickly restore consumer confidence," Love said.

In February 1981, National Steel plans to start up its new multi-million-dollar continuous slab casting machine at the Granite City Steel Division.

This new caster, along with two others now operating at the Weirton Steel and Great Lakes Steel divisions, will give National the capability of producing over 55 percent of its slabs in 1981 by the modern continuous casting method.

I told her if that was the way you can file, I would have given my petition on Sunday, Jan. 18, before the legal filing date. I believe this action was unfair and not in accord with the law. I am supposed to be first on the ballot. Until I am first, I will not stop fighting.

This is an unjust act. I want my name to be first because I believe I am right in my protest. I have a witness to prove that I was first one there at 8 a.m. and no one else. I believe the other petition supposedly filed by

U.S. okays 5-mile Interstate link here

The Illinois Department of Transportation this week announced that approval of the design for extension of Interstate 255 from Interstate 55-70 west of Collinsville to Interstate 270 south of Edwardsville in Madison County has been received from the Federal Highway Administration.

The approved alignment, as presented at the design public hearing held on Aug. 23, 1979, at Southern Illinois University at Edwardsville, is alternate A-F (western alignment) and will involve construction of 5.5 miles of a fully-controlled access highway.

The facility will consist of two 36-foot roadways separated by a 64-foot earth median, District Eight Engineer Dale L. Klorb said.

A proposed SUE connector was deleted in favor of reconstruction of ramps in the west quadrants of the existing Route 157 and Interstate 270 interchange.

An additional lane will be added to both the east and westbound roadways of I-270 on the median side from Illinois Route 111 to Illinois Route 157 to handle the expected increase in traffic. The project also includes necessary grading, paving, bridges and other structures, lighting, signing, and landscaping required to complete the facility.

Grade-separated interchanges will be provided at County Highway 35 (Collinsville-Granite City Road), Illinois Route 162, and I-270.

A grade-separation structure will carry Black Lane over I-255, and the existing bridge over I-270 at Sand Road will remain.

Mark Armenian Christmas

It was January 6, 1981, Tuesday. To Armenians throughout the world, it was Armenian Christmas.

Members of the Armenian Relief Society attended Church services at St. Gregory's Armenian Apostolic Church in the morning. Together with guests, they also enjoyed a luncheon on Tuesday afternoon at Ravanelli's Restaurant to celebrate the occasion. Special honored guests were Reverend Khoren Habeshian, pastor of St. Gregory's and his wife, Berjouni.

It was member's Roxie Pashalian's birthday and everyone wished Mrs. Pashalian a happy birthday on this festive occasion.

ARREST AT STORE

Kevin Casey, 17, Cahokia, was arrested at National Food Store, Nameoki Road and Madison Avenue, at 12:40 p.m. Sunday and was charged with theft and possession of marijuana. It was alleged he stole a bottle of eye medicine and left the store without paying for it. He was detained until police arrived and officers alleged finding 19 marijuana cigarettes in his jacket pockets. He was released on \$35 cash bond. He was one of four persons charged with theft in connection with separate shoplifting incidents at the store on Sunday.

Troy Opry band plays for PTA

Blue grass and country-western music highlighted the January meeting of Mitchell Parent-Teacher Association held last week at the school.

Presenting the musical program was the Troy Opry Band of Troy, Ill. Performing with the group were Terry Hamm, Craig Varble, Cliff Patterson, George Burris, Cecil Timmon and vocalist Linda Sands.

The business session was conducted by Mrs. Lillian Singer, president, who announced the PTA will hold its next meeting on Thursday,

Feb. 19, instead of the usual date, Feb. 12. Plans were reviewed for a candy sale, which is tentatively arranged in February.

Members were asked to assist in a blood drive to be sponsored by the PTA Area Council on Feb. 10 and Feb. 11, at Central Christian Church, 2020 Johnson Road.

Mrs. Singer announced the PTA District 28 luncheon and fashion show will take place at 12 noon, Saturday, Feb. 7, at Nameoki United Methodist Church on Pontoon Road.

Tickets for the event, costing \$3.50 each, may be obtained by calling Lyn Votaw at 797-6762, the PTA officer advised.

BAC updating its welding program and state contest

A Belleville Area College coordinator and instructor have been chosen to update statewide welding competition for high school students.

Don Koleson, coordinator for apprenticeship training and construction management, and Garner Kimbrell, welding instructor, are revising written and practical welding tests for the Illinois Chapter of Vocational Industrial Clubs of America (VICA).

"Illinois has never won the national welding competition," Kimbrell noted. He and Koleson are designing the test to be tough enough to prepare Illinois students for national and international competition.

Kimbrell, who served as a judge for the state contest last year, said he was surprised he was asked to rewrite the tests. "They said I was too critical a judge," he recalled.

His position as chairman of the American Welding Society's national education committee led to his involvement in Illinois VICA. He is or a subcommittee of the national welding society which is establishing standards for welding instruction.

That group is in the midst of a five-year program to set up accreditation procedures, curriculum guidelines, instructor certification, facility specifications and minimum standards for welding programs.

As part of that committee, Kimbrell has gathered

knowledge of welding programs in other states—that will go into the Illinois test.

Approximately 150 high school students are expected to take the written qualifying test at regional centers throughout the state. Those with the top 18 scores will meet in Springfield May 1 for the practical examination.

That test will require students to demonstrate welding skills, including acetylene cutting, air-carbon arc cutting, reading from drawings, shielded metal arc welding, fillet and groove welding, MIG (gas metal arc) welding, TIG (gas tungsten arc) or Helarc, and the four basic welding positions—flat, vertical, horizontal and overhead.

"The BAC program was set up in accord with standards being developed by the American Welding Society," Kimbrell said. "We should have accreditation very soon, and we expect Belleville Area College to serve as a model to others."

Welding instruction began at the Menard center five years ago and was added in Belleville four years ago, primarily in the evening program at the college's extension centers.

A large welding shop, equipped with the most modern welding equipment available, was completed in the main BAC campus last fall.

Kimbrell and Koleson have worked in harmony to develop the program, which they predict will become "one of the best in the nation."

III. Knights 26 marriage dissolutions aid retarded

Proceeds from the \$800,000 Illinois Knights of Columbus mentally retarded drive are now being distributed to community institutions, schools and organizations caring for the special youngsters. State Deputy Barrell W. Beck of Decatur announced this week.

Collections from the two-day fund-raising program set an all-time record, bringing the 11-year total to a figure in excess of \$6.3 million.

Other than the cost of the study used in the campaign and minimal operating costs, all of the money collected goes back to the community for distribution to approved organizations for the mentally retarded. Ten percent of the gross is directed to the Illinois Special Olympics, or to major mental retardation projects in the state.

More than 5,000 Knights and volunteers took part in the statewide drive during the fall.

Councils in the eastern portion of the Springfield Diocese under the supervision of Coordinator Jim Burford of Teutopolis raised \$41,204, an increase of more than 30 percent over last year.

Councils in the western portion of the Springfield Diocese under the supervision of John D. Risse of Springfield raised \$61,716, an increase of over 15 percent.

MARIJUANA CHARGE
 Louis E. Foster, 20, of 4047 Kathy Drive, Apt. 4, Ponton Beach, was charged with possession of cannabis after a policeman saw four youths in a parked car on the parking lot of Tri-Mor Bowl on Nameoki Road and alleged there was a strong odor of marijuana smoke from the car. Foster, the driver, allegedly had a plastic bag of marijuana in his trousers. Two Granite City boys in the car, ages 16 and 17, were released after their parents were notified of their activities. Foster was released on \$102 cash bond.

American Heritage Bank names new director, officers for 1981

"The year 1980 was an exceptional year for American Heritage Bank. As a community bank we were able to solidify our position in the Quad-Cities area, add new services for our customers, improve existing services and, at the same time, operate profitably."

Robert H. Karandjeff, executive vice-president and cashier of the bank, told the bank's stockholders at their annual meeting.

Karandjeff said, "The bank is now serving almost 19,000 local customers, and their loyalty and support gave us a banner year. Growth in assets was 10.2 percent and our growth in capital funds was 10.17 percent. We extend a 'thank you' to our customers, employees and directors who made it possible."

Announcement was also made that the bank's board of directors would be increased from eight to nine members.

Frank J. Draganich is the new director. He is a lifelong resident of Granite City and is retired as electrical supervisor of Granite City Steel Division of National Steel Corp.

FRANK DRAGANICH
 New Director
 (Markely Photo)

Sophia, is with the U.S. Department of the Army, and his youngest son, Frank Draganich, is a student geologist at Southern Illinois University at Edwardsville.

Draganich is a trustee of the First Presbyterian Church of Granite City. He is a 25-year member of the Masonic Order and has risen to become a Shriner.

The annual meeting has the following bank directors re-elected: Ernest R. Bjckhaus, president, Belmore Distributing Co., Kenneth K. Clark, retired

president, Illinois Hospital and Health Services, Inc.; Roger A. Higgins, plant manager, Nestle Co., Inc.; Dr. Apostle D. Karandjeff, physician and surgeon; Charles J. Baricovic, senior vice-president; Frank J. Palank, vice-president; Helen Mangoff, assistant cashier; Darlene Falovich, assistant cashier; Charlotte McBride, assistant cashier; and Norma McCormick, assistant cashier.

In his closing remarks, Robert H. Karandjeff said, "There are many economic challenges to be met in our community during the coming year. However, we at the bank are optimistic that 1981 will prove to be a much better year than 1980. In any event, American Heritage Bank will be doing everything possible to follow through with this positive outlook."

Lung association sponsors anti-smoking poster contest

Students in grades three through 12 are invited to participate in the 14th Annual Statewide Smoking Contest sponsored by American Lung Association of Illinois.

Lewis-Clark Lung Association will co-ordinate the contest for students in Calhoun, Jersey and Madison Counties.

As a theme for posters, students may display aspects of smoking which emphasize one of these points: advantages of nonsmoking; hazards of smoking; effects of smoke on nonsmokers; rights of nonsmokers; and, peer group pressure.

Posters will be judged in three grade categories, 3-5; 6-8; and 9-12; based on the following factors: originality, ability to attract attention, and communication of correct facts (errors will result in

disqualification), ability to be utilized effectively in school classrooms, and coordination of picture-message content.

Local awards will be given for first place and two honorable mentions in each grade category. Posters winning first place will be entered in statewide judging, scheduled for April 10 in Springfield.

State awards will be given for first place and at least two honorable mentions in each grade category. Each school represented by a state winner will receive recognition. All posters become the property of the lung association.

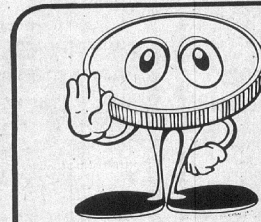

Posters must be on 12" by 18" paper (design may be horizontal or vertical); work of one student and limited to one poster per student.

Student's identification, including name, grade and school address must be printed and affixed to back of poster.

Calhoun, Jersey and Madison County students must submit their posters before March 20 to Lewis-Clark Lung Association, 523 Old St. Louis Road, P.O. Box 158, Wood River, IL 62095.

SIGN CONTRACTS FOR ARTS CENTER AT EIU
 Eastern Illinois University at Charleston has been authorized by the Board of Governors to sign contracts totaling \$1,285,462 for construction of the Table Arts Center.

Funds for equipment, architect fees and contingencies bring the total project cost to \$1,467,462. Groundbreaking ceremonies are planned for March with construction to begin in April. Completion is estimated in about 18 months.

Talks About The

Press-Record

Sometimes I Feel Lost

You know how hard it is to keep track of money. It seems like everyday there are higher prices on every item you need.

BUT FOUND HELP...

Yes, the PRESS-RECORD helps by giving me the widest selection of stores to shop and save with coupons and sale prices.

SO, I RUN TO PRESS-RECORD ADVERTISERS

They know how to catch my eye every Monday and Thursday. No other newspaper does it like the PRESS-RECORD.

Honor police for attendance

The attendance "honor roll" for 1980 has been released by the Granite City police department, showing that three officers have worked a dozen or more years without a day of illness.

Detective Anthony Eck has not missed a working day since his date of employment 13 years ago, and Sgt. Joseph Kastele has not missed a day in the last 13 years, the report shows. Lt. Gerald Pinkerton follows with 12 consecutive years without an unexcused absence.

Three officers have completed four consecutive years of perfect attendance: Patrolman David Rosenberg and Detectives Kerry "Kip" Pomeroy and Craig Nonn. Those completing three consecutive years without an absence are Lt. Albert Diak, Lt. George Gallas and Patrolman Fred Hoffman (Officer Friendly).

Two-year perfect attendance honors went to Capt. Francis J. McManus and Patrolmen John Apperson and Douglas Law. Those who did not miss a day during 1980, in addition to those already named, were Patrolmen Erwin Keuenhoff, David Anderson and Jerry Duncan and Detectives Jerry Wilson and David Ruebhausen.

Patrolman Michael Hill did not miss a day of work since he was hired Nov. 1, 1979, and Patrolman Walter Milton has reported each day since he was employed Aug. 1, 1980, according to the report.

Dispatch Stanley Myers was honored for two consecutive years without a day of absence and Dispatcher Michael Gagich has reported to work each day since he was hired May 21, 1979.

Secretary Judy Dallas completed her second consecutive year without an absence and Secretary Marian Hennrich completed one year, the report shows.

Benefit ball Saturday night

The 43rd annual Crippled Children's ball will be held Saturday at 9 p.m. at the Venice-Madison American Legion Hall, 740 Broadway.

The public event is sponsored traditionally by the Venice Crippled Children's Organization to help support work at the Shriners' Hospital, the Salk Institute and the Organization for the Advancement of the Handicapped.

Tickets at \$2 each are available from most Venice residents or may be obtained at the door the night of the dance.

AIRMAN PROMOTED
Michael L. Randall, son of Mr. and Mrs. Robert E. Randall of 2300 St. Clair Ave., Granite City, has been promoted in the Air Force to the rank of airman first class. He is an administration specialist at Myrtle Beach Air Force Base, S.C.

A HUG FROM THE TOP. President Ronald Reagan holds the 1981 March of Dimes National Poster Child, Missy Jablonski, of St. Louis, during a visit to Washington, D.C. Missy, six, who was born with spina bifida (open spine), represents more than a quarter-million children born each year in the U.S. with birth defects.

MICROPHONE TAKEN
A wireless microphone worth \$593 was taken by a burglar Monday night at the Tri-City Park Tabernacle, 2400 Maryville Road. The intruder pried a door lock to gain entry to the church.
